## Report

**Name of the event:** Beach clean-up Drive

**Organised by:** NSS unit in collaboration with Vanashakti NGO.

**Day & Date:** Sunday, 03/09/2023

**Venue:** Dadar Beach

**Time:** 7:00 am to 9:00 am

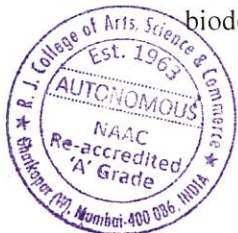

**Objective:** To create awareness of cleanliness among the people so that we can live in a pollution free environment without destroying our ecosystem.

### UN SDG:

- SDG 6:** Clean Water and Sanitation - Keeping beaches clean helps preserve water quality by preventing pollutants from entering the ocean. This supports the availability of clean water for various purposes, including recreation and ecosystem health.
- SDG 11:** Sustainable Cities and Communities - Beach clean-up drives promote community engagement and raise awareness about environmental issues, fostering a sense of responsibility and stewardship towards coastal areas. This contributes to the creation of more sustainable and resilient communities.
- SDG 14:** Life Below Water - Beach clean-ups help protect marine ecosystems and biodiversity by preventing pollution and conserving marine life.
- SDG 12:** Responsible Consumption and Production - By cleaning up beaches, we promote responsible consumption and production by reducing marine litter and waste.
- SDG 13:** Climate Action - Reducing plastic pollution and waste on beaches can help mitigate climate change by preventing the release of greenhouse gasses from decomposing waste.
- SDG 15:** Life on Land - Keeping beaches clean contributes to preserving terrestrial ecosystems and biodiversity by preventing pollution runoff and protecting coastal habitats.

So, beach clean-up activities align with multiple SDGs, primarily Goal 14 (Life Below Water).

**Brief description:** On 3rd September 2023. There was a beach clean-up drive organised by our college in collaboration with Vanashakti NGO, under which we went to Dadar to fulfill our objective. The event proved to be a huge success, where volunteers segregated non-biodegradable waste which were majorly plastics and glasses.

**2019: Star College Status by DBT**

**2008: Best College by University of Mumbai 2010: IMC RBNQ Award 'Performance Excellence' for the year 2009**

The spot was an attraction hub but still the most polluted one and this must be taken care of. It was a great experience to be a part of this clean-up drive which was indeed an effective way to clear waste from natural habitats and to raise awareness about the importance of keeping our planet healthy.
