Report

Name of the Event : Traffic management and nirmalya collection & awareness activity A+ Ganesh visarjan day

Day and date : Thursday, 28th September 2023

Time : 05:00 pm to 07:00 pm

Venue : Dadar beach entrance lane, behind kirti college

Number of participants : 21

Organised by : NSS Unit of R.J. College in collaboration with Khushiyan Foundation

The SDGS that are applicable to this event are :

1. **SDG 11:** Sustainable Cities and Communities: Traffic management initiatives aim to create safer and more efficient urban environments. By managing traffic effectively during Ganesh Visarjan, cities can enhance accessibility, reduce congestion, and improve air quality, contributing to more sustainable urban communities.

2. **SDG 12:** Responsible Consumption and Production: Nirmalya collection activities focus on responsibly managing waste generated during religious rituals. Proper collection and disposal of nirmalya reduce pollution in water bodies and promote sustainable consumption and production patterns.

3. **SDG 13:** Climate Action: Effective traffic management can help reduce greenhouse gas emissions by minimising congestion and idling vehicles. Additionally, raising awareness about eco-friendly Ganesh Visarjan practices, such as using natural, biodegradable materials for idols, can contribute to mitigating climate change impacts.

4. **SDG 14:** Life Below Water: Proper disposal of nirmalya prevents water pollution, which is crucial for preserving marine ecosystems. By ensuring that ritualistic offerings do not contaminate water bodies, these activities support the conservation of aquatic life and biodiversity.

5. **SDG 15:** Life on Land: Similarly, responsible waste management practices during Ganesh Visarjan help protect terrestrial ecosystems from pollution and degradation, thereby supporting biodiversity conservation and land sustainability.

6. **SDG 17:** Partnerships for the Goals: Collaboration between government authorities, civil society organisations, religious institutions, and community members is essential for the success of traffic management and nirmalya collection initiatives. Building partnerships fosters collective action towards achieving sustainable development objectives.

Objective of the activity : The objective was to collect and segregate degradable and nondegradable waste which results in waste segregation awareness subsequently needed to control the crowd.
