Report

Name of the Event : Paper bag distribution

Day and date : 30th September, 2023

Venue: Shops near Ghatkopar Station

Time: 2:00 pm - 4:00 pm

Number of participants: 7

Organized by: NSS unit of R.J. College

Objective of the Activity: This initiative was taken on the occasion of World Paper Bag Day to create awareness and contribute to environmental sustainability. The goal was to avoid the use of plastic and other non-biodegradable materials to protect the environment. Volunteers actively engaged in making paper bags within the given time. These paper bags and disposal bags were distributed in medical shops near the Ghatkopar railway station. The medical shop owners were then elucidated about the importance of these bags and how it can be used effectively in promoting hygiene and waste management.

SDG goal: The paper bag and Sanitary pad disposal bag distribution initiative comes under the following goals:

- 1. SDG 12:** Responsible Consumption and Production: Encouraging the use of sustainable materials, such as paper bags, contributes to responsible consumption and production.
- 2. SDG 13:** Climate Action: Paper bags are often considered more environmentally friendly than plastic bags, which can support efforts to mitigate climate change.
- 3. SDG 14:** Life Below Water: By reducing the use of plastic bags, which can harm marine life, the distribution of paper bags indirectly supports the goal of preserving life below water.
- 4. SDG 15:** Life on Land: Sustainable forestry practices for paper production and the use of paper bags contribute to the conservation of terrestrial ecosystems.

Brief Description : On this occasion, the NSS unit of R.J.College organized a paper bag distribution on 30th September, 2023. The event was scheduled between 2:00 pm to 4:00 pm.

World Paper Bag Day is celebrated annually to promote the significance of utilizing paper bags instead of plastic. This observance serves as a reminder to prioritize environmentally conscious choices in our everyday lives and encourages individuals and businesses to adopt more sustainable alternatives.

The paper bags were made by volunteers using old magazines which were provided to them. Each volunteer was given a goal of making 50 bags at least. Some volunteers even made more than that. The next part of the initiative focuses on distributing these bags in medical stores in Ghatkopar (W). The pharmacists were explained about the motive behind the event which is cleanliness and responsible waste disposal. The distribution took place between 2:00 pm and 3:00 pm.

Outcome: By choosing paper bags over plastic bags, we can help reduce pollution and protect the environment. On today's date, using paper bags is a need of the hour and everyone must be aware of its importance. Paper bags are better than plastic because they can be recycled whereas plastic takes a lot of time to degrade which is harmful for the environment.

Paper bags can be used as shopping carrier bags and for packaging goods like groceries, books, toiletries, glass bottles, electronics etc.
