## Report

**Event:** Beach Clean Up Drive

**Date:** Sunday, 1<sup>st</sup> October 2023

**Time:** 8:00 am - 10:00 am

**Venue:** Mahim (Reti Bandar)

**Objective of the Activity:** The primary objective of the Beach Clean Up Drive was to contribute to the preservation of our coastal ecosystem and raise awareness about the critical need for responsible waste disposal. By cleaning up the beach, we aimed to restore its natural beauty and protect the marine life that calls it home.

**Number of Beneficiaries:** 40 Volunteers

**Organized by:** NSS unit of R.J. College is organizing a Beach Clean-up drive in collaboration with GULLY CLASSES FOUNDATION.

### UN SDG

**1.SDG 14:** Life Below Water: This goal focuses on conserving and sustainably using the oceans, seas, and marine resources. Beach clean-ups help in removing plastic debris, litter, and other pollutants from the coastline, preventing them from entering the ocean and harming marine life.

**2.SDG 12:** Responsible Consumption and Production: By organizing beach clean-up drives, communities promote responsible consumption and production patterns. It raises awareness about the impacts of waste generation and encourages individuals to reduce, reuse, and recycle materials.

**3.SDG 13:** Climate Action: Marine debris, especially plastics, contributes to climate change through processes like degradation and the release of greenhouse gases. Cleaning up beaches can mitigate these impacts and raise awareness about the connection between waste management and climate change.

**4.SDG 15:** Life on Land: Although primarily focused on terrestrial ecosystems, Goal 15 also emphasizes the importance of combating desertification and halting biodiversity loss. Beach clean-ups contribute to preserving coastal habitats and protecting terrestrial ecosystems connected to the shoreline.

**5.SDG 11:** Sustainable Cities and Communities: Beach clean-up drives promote community engagement and collaboration in achieving sustainable development. They encourage local governments, businesses, and civil society to work together towards creating cleaner and more sustainable communities.

**6.SDG 17:** Partnerships for the Goals: Beach clean-up initiatives often involve partnerships between governments, NGOs, businesses, and local communities. Collaborative efforts are essential for effectively addressing marine pollution and achieving sustainable development targets.

**Brief Description:** The Beach Clean-Up Drive took place on Sunday, 1st October 2023, at Mahim's Reti Bandar. Organized by the NSS unit of R.J. College in collaboration with the Gully Classes Foundation, it attracted 40 dedicated volunteers. Over two hours, volunteers removed litter and plastic waste from the beach, making a noticeable difference in its cleanliness. Educational discussions on plastic pollution's impact enhanced awareness, fostering a sense of environmental responsibility among participants. This event successfully combined community involvement with environmental conservation efforts, leaving the beach cleaner and safer for all.

In summary, the Beach Clean-Up Drive, a joint effort between R.J. College's NSS unit and the Gully Classes Foundation, gathered 40 volunteers who diligently cleaned Mahim's Reti Bandar on 1st October 2023. Through hands-on cleaning and informative discussions, participants actively addressed plastic pollution, leaving the beach visibly cleaner and inspiring a stronger sense of environmental stewardship in the community.
