Report

Name of the Event: Beach Clean-Up Drive

Day and Date: Sunday, October 8, 2023.

Time: 8:00 AM - 10:00 AM.

Venue: Mahim (Reti Bandar)

Objective: The NSS Unit of R.J. College, in collaboration with Gully Classes Foundation, is organizing a Beach Clean-Up Drive. The primary objective is to contribute to environmental conservation by cleaning up the Mahim (Reti Bandar) beach. This initiative aims to raise awareness about the importance of maintaining clean coastal ecosystems and fostering community involvement in environmental preservation.

Number of Volunteers: 32

UN SDG:

1.SDG 14: Life Below Water: This goal focuses on conserving and sustainably using the oceans, seas, and marine resources. Beach clean-ups help in removing plastic debris, litter, and other pollutants from the coastline, preventing them from entering the ocean and harming marine life.

2.SDG 12: Responsible Consumption and Production: By organizing beach clean-up drives, communities promote responsible consumption and production patterns. It raises awareness about the impacts of waste generation and encourages individuals to reduce, reuse, and recycle materials.

3.SDG 13: Climate Action: Marine debris, especially plastics, contributes to climate change through processes like degradation and the release of greenhouse gases. Cleaning up beaches can mitigate these impacts and raise awareness about the connection between waste management and climate change.

4.SDG 15: Life on Land: Although primarily focused on terrestrial ecosystems, Goal 15 also emphasizes the importance of combating desertification and halting biodiversity loss. Beach clean-ups contribute to preserving coastal habitats and protecting terrestrial ecosystems connected to the shoreline.

5.SDG 11: Sustainable Cities and Communities: Beach clean-up drives promote community engagement and collaboration in achieving sustainable development. They encourage local governments, businesses, and civil society to work together towards creating cleaner and more sustainable communities.

6.SDG 17: Partnerships for the Goals: Beach clean-up initiatives often involve partnerships between governments, NGOs, businesses, and local communities. Collaborative efforts are essential for effectively addressing marine pollution and achieving sustainable development targets.

Organized By: NSS Unit of R.J. College in collaboration with Gully Classes Foundation.

Brief Description: On Sunday, October 8, 2023, from 8:00 AM to 10:00 AM, the NSS Unit of R.J. College is partnering with Gully Classes Foundation to host a Beach Clean-Up Drive at Mahim (Reti Bandar).

The main objective of this event is to actively participate in environmental conservation by cleaning up the Mahim beach. It emphasizes the importance of clean coastal ecosystems for marine life, biodiversity, and public health. By organizing this drive, the NSS Unit seeks to raise awareness about the significance of responsible waste disposal and recycling.

The collaboration with Gully Classes Foundation adds to the community engagement aspect, fostering a sense of collective responsibility for the environment. The event encourages volunteers to contribute to a cleaner and more sustainable ecosystem, leaving a positive impact on the coastal area.

The NSS Unit expresses appreciation for the involvement of volunteers in this environmental initiative and continues to remain dedicated to promoting awareness and action in favor of environmental conservation.
