Report

Name of the Event: Beach Clean-Up Drive.

Date: October 29, 2023.

Time: 8:00 AM to 10:00 AM.

Venue: Reti-Bandar (Mahim).

Objective of the Activity – To promote environmental awareness and preserve the coastal area at Reti-Bandar in Mahim.

UN SDG:

1.SDG 14: Life Below Water: This goal focuses on conserving and sustainably using the oceans, seas, and marine resources. Beach clean-ups help in removing plastic debris, litter, and other pollutants from the coastline, preventing them from entering the ocean and harming marine life.

2.SDG 12: Responsible Consumption and Production: By organizing beach clean-up drives, communities promote responsible consumption and production patterns. It raises awareness about the impacts of waste generation and encourages individuals to reduce, reuse, and recycle materials.

3.SDG 13: Climate Action: Marine debris, especially plastics, contributes to climate change through processes like degradation and the release of greenhouse gases. Cleaning up beaches can mitigate these impacts and raise awareness about the connection between waste management and climate change.

4.SDG 15: Life on Land: Although primarily focused on terrestrial ecosystems, Goal 15 also emphasizes the importance of combating desertification and halting biodiversity loss. Beach clean-ups contribute to preserving coastal habitats and protecting terrestrial ecosystems connected to the shoreline.

5.SDG 11: Sustainable Cities and Communities: Beach clean-up drives promote community engagement and collaboration in achieving sustainable development. They encourage local governments, businesses, and civil society to work together towards creating cleaner and more sustainable communities.

6.SDG 17: Partnerships for the Goals: Beach clean-up initiatives often involve partnerships between governments, NGOs, businesses, and local communities. Collaborative efforts are essential for effectively addressing marine pollution and achieving sustainable development targets.

Number of Volunteers: 11 NSS Volunteers.

Organised by :- NSS Unit of Ramniranjan Jhunjunwala College in collaboration with Gully Classes Foundation.

Brief Description: On October 29, 2023, from 8:00 AM to 10:00 AM, volunteers gathered at Reti-Bandar (Mahim) for a Beach Clean-Up Drive. They received safety equipment and enthusiastically combed the shoreline, collecting various litter, including plastic debris and glass. Waste segregation highlighted responsible disposal and recycling.

The event aimed to raise awareness about the detrimental effects of litter on marine life and ecosystems. It concluded at 11:00 AM, emphasizing the importance of responsible waste management and community involvement in preserving coastal ecosystems.

The NSS Unit is committed to environmental conservation and thanks all participants, organizers, and Gully Classes Foundation for their support. Anticipating more initiatives for a cleaner environment.
