UN SDG:

1. **SDG 1:** No Poverty - Ensuring that individuals have access to their basic rights, such as the right to food, water, and shelter, is essential for eradicating poverty and promoting sustainable development.

2. **SDG 3:** Good Health and Well-being - Protecting individuals' rights to healthcare and medical services contributes to achieving good health and well-being for all.

3. **SDG4:** Quality Education - Upholding the right to education for everyone is crucial for achieving quality education and lifelong learning opportunities.

4. **SDG 5:** Gender Equality - Promoting gender equality requires respecting and protecting the rights of all individuals, regardless of gender identity, and ensuring equal opportunities and treatment under the law.

5. **SDG 10:** Reduced Inequalities - Upholding human rights principles helps reduce inequalities by ensuring that everyone has equal access to opportunities, resources, and protection under the law.

6. **SDG 16:** Peace, Justice, and Strong Institutions - Respecting and protecting human rights are essential for promoting peace, justice, and strong institutions by upholding the rule of law, promoting accountability, and fostering social cohesion.

Brief description: On 31st October 2023, one workshop was conducted by the Akshara centre which was a part of Youth for change program.

The workshop started with a discussion on the importance of reservation and various laws and rights of women, which are necessary to empower them at various levels and to inspire women to take on leadership roles in different sectors. We also had one play where we had to complete the story given to our group, answer the questions given in the matrix and present the rights violated through a poster making the event prove to be a huge success by reshaping narratives and fostering a more inclusive future.

It might seem like an obvious point, but we Can't have a free and equal society until everyone is free and equal. Until women enjoy the same rights as men, this inequality is everyone's problem.

Students participated in the session: 75 volunteers
