Report

Name of the Event: Pulse polio drive
Organised by: Sarvodaya municipal health post
Day and date: Sunday, 10th December 2023
Time: 10:00 am to 09:00 pm
Venue: Ghatkopar station

Number of participant's volunteer: 33

Objective of the Event: To promote and encourage frequently. Polio vaccination till the age of 5 years subsequently eradicated polio from our India society and met the target of zero polio by volunteering in the prime initiative of the can't, i.e., pulse polio campaign. Lastly reducing the chances and revival of polio from the different Indian subcontinent countries through vaccination drives in India.

UN SDG Goals:

1. Goal 3: Good Health and Well-being

The Pulse Polio Drive contributes directly to Goal 3 by aiming to eradicate polio, which is a debilitating and potentially deadly infectious disease. By vaccinating children against polio, the campaign helps prevent the spread of the virus, reduces the incidence of polio cases, and ultimately contributes to improving global health and well-being.

2. Goal 4: Quality Education

Although not as directly related as Goal 3, the Pulse Polio Drive also has implications for Goal 4. By ensuring that children receive polio vaccinations, the campaign helps to protect their health, which is essential for their ability to access and benefit from education. Healthy children are more likely to attend school regularly, concentrate better, and perform well academically, thereby supporting the aim of providing quality education for all.

Outcome of the Event: As a volunteer, I learned many more new things first and foremost. In any such initiatives of the gov.i we have to be cautious and try to be as safe as possible. We also became a part of training before such actual practising. Secondly, we also learned about how the Govt machinery works in sac premier initiatives.

We also got familiar and aware of how concept tools function as well as criteria's works. It was a very memorable and warm heart activity of nss as so far, I have undertaken due to meeting different kinds of people and communicating with them was a good experience. We were convincing people (parents) to take polio to their child. We also build up different qualities and somehow it has also contributed to our personality nourishment.

Lastly, though we also went through different hardships but at the end it was really an amazing experience.
