REPORT

The **RJC Pavo Nature Club**, in collaboration with the **Muskurate Raho Foundation**, organized a **Mega Beach Clean-up Drive** on **4th June 2023**. This event aimed to involve students in a meaningful environmental conservation activity and promote awareness about coastal cleanliness.

The objectives of the drive were to educate participants about the harmful impacts of beach litter on marine ecosystems, encourage responsibility towards maintaining clean surroundings, and inspire long-term commitment to environmental sustainability. The event also sought to foster teamwork and a sense of community among participants.

Armed with gloves, garbage bags, and a determination to make a difference, participants removed significant amounts of litter, including plastic waste, bottles, and other non-biodegradable materials.

The drive resulted in a visibly cleaner beach and raised awareness about the importance of reducing plastic usage. Students gained firsthand experience of environmental stewardship and learned the value of collaborative action in solving ecological challenges.

This initiative proved to be a successful step toward creating cleaner, healthier coastal environments and fostering a culture of environmental responsibility among students.

Report

Rotaract club of RJ college

Name of the Event: Vruksharopan

Day: Saturday

Date: 1st July, 2023

Time: 9:00 a.m.

Venue: Various Locations

Number of participants: 123

- The event was conducted in three phases, in the first phase we asked the members to plant trees and saplings at home. The members altogether planted 150 saplings at their homes.
- In the second phase we collaborated with around 13 clubs from all over the country and they conducted drives at various locations.
- In the third phase we planted trees at Ghatkopar(West) along with Rotarians. We also planted trees in schools and taught students the importance of planting trees.
- We Assessed the success of the collaborative event and its impact on the environment and community.
- Altogether we planted more than 800 Saplings.

Objectives:

- Raise awareness about the importance of tree planting and its positive impact on the environment at the grassroots level. Encourage active participation from local communities, fostering a sense of ownership and responsibility towards their environment.
- Strengthen the collaboration between the local Rotary Club and its parent Rotary organization. Mobilize resources and expertise from the parent Rotary to support and expand the tree planting efforts initiated at the local level.
- Share knowledge and best practices related to tree planting, environmental conservation, and sustainable community development.
- Create a broader network of like-minded individuals and organizations dedicated to addressing environmental challenges.

Outcome:

- The initiative raised awareness about the importance of tree planting and environmental stewardship among community members.
- Collaborating with other districts and clubs allows for scalability, leading to larger-scale tree planting initiatives with a more significant impact.
- Monitoring and Data Collection: Regular monitoring of the planted trees' growth and health provides valuable data for assessing the project's impact.

Report

Event: Tree Plantation Drive

Date: Tuesday, 9th July 2023

Time: 7:30 am

Venue: Eastern Highway (Nahur)

Organized by: NSS Unit Of R.J.College in Collaboration with NGO Green Umbrella

Objective of the Activity: The Tree Plantation Drive aimed to contribute to the area's environmental health by planting trees, fostering community engagement, and spreading awareness about the significance of environmental conservation.

Number of Beneficiaries: 26 Volunteers

Brief Description: On the morning of 9th August 2023, the Eastern Highway area near Nahur witnessed a positive environmental initiative in the form of a Tree Plantation Drive. Organized by the R.J. College NSS Unit, PAVO Nature Club, and in collaboration with NGO Green Umbrella, the event aimed to add to the region's green cover while fostering community involvement.

A total of 26 enthusiastic volunteers, representing various organizations, gathered at the designated venue. The event commenced at 7:30 am, leveraging the pleasant morning hours for tree planting. The initiative sought to address the area's ecological balance while emphasizing the importance of each individual's role in environmental preservation.

Participants planted a diverse range of saplings, carefully selected to thrive in the local environment. Expert guidance ensured proper planting techniques, increasing the likelihood of the saplings' survival and growth. The volunteers' active involvement symbolized a united commitment to nurturing the environment.

The event successfully created a platform for volunteers to interact, share knowledge, and learn about the impact of tree plantation on the ecosystem. It also underscored the role of organizations like R.J. College NSS Unit, PAVO Nature Club, and Green Umbrella in promoting environmental consciousness.

As the Tree Plantation Drive concluded, the once-barren area now held the promise of a greener, healthier future. The event not only enhanced the local green cover but also stood as a testament to collective action for a sustainable environment. By fostering community participation and spreading awareness, the drive left a positive impact on both the environment and the participants' mindset, emphasizing the importance of every small step towards a more eco-friendly future.

NOTICE

National Service Scheme (NSS) UNIT in collaboration with **JAY FOUNDATION** organizes a **"BEACH CLEAN UP"** drive at **"Mahim Beach"**, Mahim dedicated to preserving our environment and fostering community engagement. We invite all the interested individuals to join us in this meaningful endeavour. The details of the event is as follows:

DATE: 06/08/23

DAY: SUNDAY

TIME: 08.00 am to 10.00 am

VENUE: Mahim Beach

As a token of appreciation for your participation, we are delighted to announce that E-Certificates will be provided to all attendees.

"Join us in this noble cause and be a part of the change we wish to see in our community. Together, we can make a difference."

Report

Name of the Event: Beach Clean-Up Drive

Day and Date: Sunday, August 6, 2023

Time: 7:00 A.M

Venue: Mahim Beach

Organized By: This event is organized by the NSS Unit of R. J. College in partnership with the Jay Foundation.

Objective of the Activity: The primary objective of the Beach Clean-Up Drive, organized by the NSS Unit of R. J. College in collaboration with the Jay Foundation, is to promote environmental awareness, contribute to the cleanliness and preservation of our natural environment, and foster a strong sense of community involvement and responsibility.

UN SDG :

- SDG 12:** Responsible Consumption and Production - By cleaning up beaches, we promote responsible consumption and production by reducing marine litter and waste.
- SDG 13:** Climate Action - Reducing plastic pollution and waste on beaches can help mitigate climate change by preventing the release of greenhouse gasses from decomposing waste.
- SDG 14:** Life Below Water - Beach clean-ups help protect marine ecosystems and biodiversity by preventing pollution and conserving marine life.
- SDG 15:** Life on Land - Keeping beaches clean contributes to preserving terrestrial ecosystems and biodiversity by preventing pollution runoff and protecting coastal habitats.

Number of Beneficiaries: 32

Brief Description: The Beach Clean-Up Drive, scheduled for 7:00 AM on August 6, 2023, is an exemplary initiative by the NSS Unit of R. J. College. This event underscores the college's dedication to community service and environmental preservation. The primary focus of the drive is to remove litter and debris from the beach, which not only enhances the aesthetics of the area but also contributes significantly to the overall cleanliness and well-being of the ecosystem.

By collaborating with the Jay Foundation, the college is reinforcing its commitment to responsible citizenship and environmental stewardship. This event not only benefits the local community and beachgoers who enjoy the pristine shoreline but also positively impacts the environment and marine life that call this beachfront their home.

FLYER

The flyer is for a tree plantation drive organized by the NSS unit of R. J. College. It features a light green background with a faint tree pattern. At the top, there are logos for the college and the NSS unit. The text reads: 'Hindi Vidya Prachar Samiti's Ramniranjan Jhunjhunwala College (Empowered Autonomous)'. Below this, it says 'TREE PLANTATION DRIVE' flanked by 'SAVE EARTH' logos. The NSS unit of R. J. College is mentioned as the organizer, collaborating with the PAVO Nature Club on 9th August 2023. The location is Garodia Nagar, Ghatkopar west, and the time is 10:00 AM to 2:00 PM. At the bottom, there is a graphic of a city skyline with trees and a sun.

Report

Name of the Event: Tree Plantation

Date: 09 August 2023

Time: 10.00 a.m. to 1.00 p.m.

Venue: Garodia Nagar, Ghatkopar (East)

Organised by : R. J. College of NSS collaboration with PAVO Nature club

Objective of the Activity : Promoting Environmental Conservation and Community Engagement

UN SDG :

1. **SDG 6:** Clean Water and Sanitation: Tree plantation helps in the conservation of water resources by reducing soil erosion, improving water infiltration, and regulating water flow in watersheds. Forests play a crucial role in maintaining the quality and quantity of freshwater sources.

2. **SDG 7:** Affordable and Clean Energy: Sustainable forestry practices can contribute to the production of biomass energy from tree residues and sustainably managed forests. This can help in diversifying energy sources and promoting clean energy solutions.

3. **SDG 9:** Industry, Innovation, and Infrastructure: Innovations in agroforestry and sustainable forestry practices contribute to the development of sustainable industries and infrastructure, promoting economic growth while minimizing environmental impacts.

4. **SDG 11:** Sustainable Cities and Communities: Urban tree planting initiatives enhance the quality of urban life by providing shade, reducing air pollution, and mitigating the urban heat island effect. Trees also contribute to the aesthetics and overall livability of urban areas.

5. **SDG 12:** Responsible Consumption and Production: Trees provide renewable resources such as timber, fuelwood, and non-timber forest products. Sustainable management of forests ensures that these resources are harvested responsibly, contributing to sustainable consumption and production patterns.

6. **SDG 13:** Climate Action: Trees play a crucial role in mitigating climate change by absorbing carbon dioxide from the atmosphere and releasing oxygen. Through photosynthesis, trees act as carbon sinks, thus helping to reduce greenhouse gas emissions.

7. **SDG 15:** Life on Land: Tree plantation directly supports this goal by promoting the conservation, restoration, and sustainable use of terrestrial ecosystems. Trees provide habitats for various species, contribute to biodiversity conservation, and help combat land degradation.

Number of Volunteers : 56 NSS Volunteers our Participant in this event

Brief Description: On August 9, 2023, the NSS Degree Unit of Ramniranjan Jhunjhunwala College organized a Tree Plantation event in Garodia Nagar, Ghatkopar (East) with the objective of promoting environmental conservation and raising awareness about the importance of tree planting in combating climate change. 56 enthusiastic NSS volunteers, along with local community members, joined forces to plant numerous saplings despite challenging weather conditions. Certificates of appreciation were distributed at the closing ceremony to celebrate the event's success.

Tree plantation initiatives, therefore, play a vital role in advancing multiple SDGs simultaneously, making them a valuable tool for sustainable development and environmental conservation.

The NSS Degree Unit is dedicated to future environmental initiatives, community involvement, and sustainability, and the Tree Plantation Event on August 9, 2023, made a significant impact on our environment while raising awareness about environmental issues. Thank you for your support!

REPORT

The Pavo Nature Club held its orientation session to orient new members and share its mission of environmental conservation. Attendees participated actively in a Q&A session. Feedback was highly positive, with students appreciating the engaging content and opportunities for involvement. The session successfully inspired members to contribute to sustainability, marking a promising start to the year. Recommendations include follow-ups with members and increased hands-on activities to sustain engagement.

Report

Name of the Event:- Mangrove Clean-up Drive

Day and Date: Sunday, 20 August 2023

Time:- 7:00 am

Venue: Airoli

Objective of the Activity: The objective of the Mangrove Clean-up Drive was to restore the health of the mangrove ecosystem by removing accumulated waste, raising awareness about the importance of mangrove conservation, and fostering community participation in environmental preservation.

Number of Beneficiaries: 32 Volunteers

Organised by: NSS Unit of R.J. College in collaboration with Vanashakti NGO

UN SDG :

- SDG 13:** Climate Action - Mangroves sequester large amounts of carbon dioxide, helping mitigate climate change. Protecting and restoring mangrove forests through clean-up efforts can contribute to climate change mitigation efforts.
- SDG 6:** Clean Water and Sanitation - Mangroves act as natural filters, improving water quality and reducing pollution. Cleaning up mangroves helps maintain clean water sources for communities and ecosystems.
- SDG 14:** Life Below Water - Mangroves serve as crucial ecosystems that support marine life, acting as nurseries for many fish species and providing habitat for various organisms. Cleaning up mangroves helps protect these ecosystems and contributes to the conservation of marine biodiversity.
- SDG 15:** Life on Land - Mangroves are part of terrestrial ecosystems, and their health is essential for maintaining biodiversity on land. A clean-up drive can help restore and protect mangrove habitats, thus supporting terrestrial biodiversity.

Brief Description: On a bright and purposeful Sunday, 20th August 2023, the serene shores of Airoli witnessed a meaningful environmental initiative - the Mangrove Clean-up Drive. This initiative, organized by the NSS Unit of R.J. College in partnership with Vanashakti NGO, aimed to address the pressing issue of waste accumulation in the delicate mangrove ecosystem.

The event brought together a dedicated group of participants, all with a shared passion for environmental conservation. The day began with a sense of purpose and commitment as volunteers armed themselves with gloves and bags, ready to make a positive difference.

The mangrove clean-up drive not only led to the visual enhancement of the area but also contributed significantly to the overall health of the ecosystem. The removal of accumulated waste prevented potential harm to marine life and helped restore the natural balance of the mangroves.

Through this collaborative effort, participants were not just cleaning up the environment; they were contributing to the preservation of an essential ecological niche. The event also provided a platform for awareness-building, as participants discussed the value of mangroves, their role in coastal protection, and the need for responsible waste disposal.

The Mangrove Clean-up Drive aligned perfectly with the collective mission of the NSS Unit of R.J. College and Vanashakti NGO to promote sustainable practices and environmental consciousness. As participants wrapped up the day's efforts, the transformation of the mangrove area was evident - a testament to the power of community engagement and shared responsibility.

In conclusion, the Mangrove Clean-up Drive on 20th August 2023 served as a reminder of the importance of protecting fragile ecosystems. By actively participating in this drive, volunteers demonstrated their commitment to making a positive impact on the environment, fostering a sense of collective responsibility, and paving the way for a greener, cleaner future.

Report

Name of the event: Beach clean-up Drive

Organised by: NSS unit in collaboration with Vanashakti NGO.

Day & Date: Sunday, 03/09/2023

Venue: Dadar Beach

Time: 7:00 am to 9:00 am

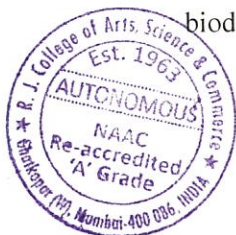

Objective: To create awareness of cleanliness among the people so that we can live in a pollution free environment without destroying our ecosystem.

UN SDG:

1. **SDG 6:** Clean Water and Sanitation - Keeping beaches clean helps preserve water quality by preventing pollutants from entering the ocean. This supports the availability of clean water for various purposes, including recreation and ecosystem health.
2. **SDG 11:** Sustainable Cities and Communities - Beach clean-up drives promote community engagement and raise awareness about environmental issues, fostering a sense of responsibility and stewardship towards coastal areas. This contributes to the creation of more sustainable and resilient communities.
3. **SDG 14:** Life Below Water - Beach clean-ups help protect marine ecosystems and biodiversity by preventing pollution and conserving marine life.
4. **SDG 12:** Responsible Consumption and Production - By cleaning up beaches, we promote responsible consumption and production by reducing marine litter and waste.
5. **SDG 13:** Climate Action - Reducing plastic pollution and waste on beaches can help mitigate climate change by preventing the release of greenhouse gasses from decomposing waste.
6. **SDG 15:** Life on Land - Keeping beaches clean contributes to preserving terrestrial ecosystems and biodiversity by preventing pollution runoff and protecting coastal habitats.

So, beach clean-up activities align with multiple SDGs, primarily Goal 14 (Life Below Water).

Brief description: On 3rd September 2023. There was a beach clean-up drive organised by our college in collaboration with Vanashakti NGO, under which we went to Dadar to fulfill our objective. The event proved to be a huge success, where volunteers segregated non-biodegradable waste which were majorly plastics and glasses.

The spot was an attraction hub but still the most polluted one and this must be taken care of. It was a great experience to be a part of this clean-up drive which was indeed an effective way to clear waste from natural habitats and to raise awareness about the importance of keeping our planet healthy.

Report

Name of the Event : Beach clean-up

Organised by : NSS Unit of R.J. College in collaboration with Muskurate raho NGO

Day and date : Sunday, 17th September 2022

Time : 08:00 am to 10:00 am

Venue : Mahim beach

Number of volunteer : 50 Volunteers take a participation in the Beach Clean-up

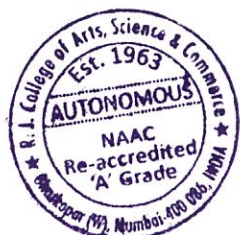

Objective of the event : To rejuvenate the beach area

SDG Goals :

- SDG 6:** Clean Water and Sanitation - Keeping beaches clean helps preserve water quality by preventing pollutants from entering the ocean. This supports the availability of clean water for various purposes, including recreation and ecosystem health.
- SDG 11:** Sustainable Cities and Communities - Beach clean-up drives promote community engagement and raise awareness about environmental issues, fostering a sense of responsibility and stewardship towards coastal areas. This contributes to the creation of more sustainable and resilient communities.
- SDG 14:** Life Below Water - Beach clean-ups help protect marine ecosystems and biodiversity by preventing pollution and conserving marine life.
- SDG 12:** Responsible Consumption and Production - By cleaning up beaches, we promote responsible consumption and production by reducing marine litter and waste.
- SDG 13:** Climate Action - Reducing plastic pollution and waste on beaches can help mitigate climate change by preventing the release of greenhouse gasses from decomposing waste.
- SDG 15:** Life on Land - Keeping beaches clean contributes to preserving terrestrial ecosystems and biodiversity by preventing pollution runoff and protecting coastal habitats.

Outcome of the event : This activity helped to create awareness and environment sensitisation among all present to be more curious and conservative in the case of nature.

Students learnt that in order to stop environmental degradation they must volunteer its causes and consequences.

REPORT

Name of the activity: Beach clean-up drive.

Date: 17th September 2023, Sunday

Venue: RJ College

Organized by: Department of Lifelong Learning and Extensions Unit (DLLE) along with Muskurate raho Organization.

Brief Description:

- Population Education Club (PEC) Students of DLLE Unit Volunteered in the beach clean-up drive organized by DLLE unit of RJ in collaboration in collaboration with Muskurate Raho Organization. • 50+ Students participated in this drive.
- Everyone left at sharp 8:00am from the college to the venue for cleanup drive. • Around 50kgs of harmful waste were collected from the beach side by the volunteers.

The Objective of the Activity:

1. To raise awareness about the importance of environmental conservation and the impact of plastic pollution on marine ecosystems.
2. To engage the students in taking proactive steps towards preserving our beaches and oceans.
3. To remove litter and debris from the beach, improving its aesthetic appeal and creating a safer environment for wildlife and visitors.
4. To educate participants on proper waste disposal practices and encourage them to adopt sustainable habits in their daily lives.
5. To foster a sense of stewardship and responsibility towards the environment among participants, inspiring them to become advocates for conservation efforts beyond the event.

Notice

Rotaract Club of RJ college

The Rotaract Club of Ramniranjan Jhunjunwala college is conducting an event called "Pushpadhar " which is a community service event, in which we will be composting flowers and other natural degradable products offered to the deity in Ganesh Chaturthi event. Students are requested to collect the waste and hand it over to us.

The details of the event are as follows:

Day: Tuesday

Date: 19th September, 2023 – 30th September, 2023

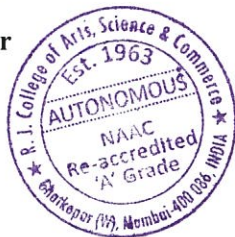

Time: 9:00 a.m.

Venue: Ramniranjan Jhunjunwala College

All are cordially invited.

Prof. Kalaiselvi Nadar

BMS Coordinator

Dr. Himanshu Dawda

Report

Name of the Event: Pushpadhar

Day: Tuesday

Date: 19th September, 2023 – 30th September, 2023

Time: 9:00 a.m.

Venue: Ramniranjan Jhunjhunwala College

Number of participants: 72

- We initiated the event by having a thoughtful discussion within our team, which led us to decide on conducting the Pushpadhar event from September 19th to 30th, coinciding with Ganesh Chaturthi.
- To ensure the smooth execution of the event, we actively trained volunteers for the collection and sorting of flowers. This step was crucial to maintain the efficiency of the flower recycling process.
- We forged partnerships with local areas and engaged our General Body Members to help spread the word about the event. Community involvement played a significant role in its success.
- We Assessed the success of the collaborative event and its impact on the environment and community.
- We diligently documented all the activities during the event through photos and videos, capturing the spirit of the community engagement.

Objectives:

- The aim of this event, named "Pushpadhar", was to recycle the waste flowers from Ganesh Chaturthi and utilize them for making fertilizer.
- It is an environment friendly event dedicated to the sustainable disposal and reuse of the Flower offerings from Ganesh Chaturthi.
- We collected the discarded flowers, approximately 180Kg + Flowers and transform them into valuable fertilizers, contributing to both the preservation of our environment and the nurturing of new life.

Outcome:

- Pushpadhar" made a profound impact by diverting a substantial quantity of floral waste generated during Ganesh Chaturthi celebrations away from landfills. This not only alleviated the environmental burden but also showcased the power of community-driven sustainability efforts.
- The event was a catalyst for spreading awareness about recycling and sustainable practices, inspiring not only the participants but also the wider community to embrace eco-friendly behaviours in their daily lives. The ripple effect of this awareness is likely to result in long-term positive changes for our environment.
- Furthermore, it received widespread attention, amplifying the message of eco-consciousness to an even broader and more diverse audience. This exposure is expected to catalyse a shift towards sustainable living practices, creating a lasting legacy of environmental responsibility in our community and beyond.

Report

Name of Event: Mangrove Ecosystem

Day and date: Tuesday, 26 September 2023

Time: 11:00 am

Venue: Saboo Hall, R.J.College

Number Of Participants : 99

Objective of the Activity: The objective of the Mangrove Ecosystem event is to raise awareness and advocate for the conservation of vital coastal habitats. Participants will learn about the ecological significance of mangroves and their role in preserving biodiversity and mitigating climate change impacts.

Organized by : NSS Unit Of R.J. College collaboration with united way Mumbai

SDG goals :

SDG 13 - Climate Action: The event contributes to mitigating climate change impacts by emphasizing the role of mangroves in climate change resilience.

SDG 14 - Life Below Water: It directly relates to the conservation of coastal habitats and marine biodiversity, which is a focus of SDG 14.

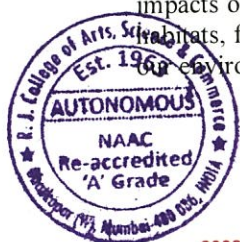

SDG 15 - Life on Land: The event addresses the importance of preserving terrestrial ecosystems, particularly mangrove forests, and thus aligns with SDG 15.

Brief Description : The enlightening mangrove session commenced at 11 am on September 29th at Saboo Hall. A knowledgeable speaker took the stage, providing comprehensive insights into mangrove ecosystems—detailing both their advantages and drawbacks. The presentation particularly underscored the potential harm to birds and small animals inhabiting these coastal areas.

Steering the discussion towards broader societal implications, the speaker prompted reflection on everyday choices. An impactful example was presented: the indiscriminate use of plastics and non-biodegradable waste in daily life. This set the stage for a profound connection between individual actions and the overall well-being of the environment.

It's during this engaging discourse that the dire consequences of plastic debris were spotlighted, emphasizing its significant threat to the delicate balance of the environment and its inhabitants. This carefully crafted message aimed to cultivate a sense of responsibility and awareness among the audience, urging them to consider the profound impact of seemingly routine choices on the broader ecological landscape.

Outcome: The Mangrove Ecosystem event successfully raised awareness among participants about the crucial significance of mangroves. Attendees gained a deep understanding of the ecological importance of mangrove ecosystems, recognizing their pivotal role in preserving biodiversity and mitigating the impacts of climate change. The event effectively advocated for the conservation of these vital coastal habitats, fostering a sense of responsibility and commitment among participants towards safeguarding the environment.

Report

Name of the Event : Beach clean up drive

Organised by : NSS Unit of R.J. College in collaboration with Jay Foundation

Day and date : Friday, 29th September 2023

Time : 04:00 pm to 06:00 pm

Venue : Dadar Beach

Objective of the activity : To clean the beach to remove the plastic waste which was thereby people and this out from the sea

UN SDG:

1. **SDG 6:** Clean Water and Sanitation - Keeping beaches clean helps preserve water quality by preventing pollutants from entering the ocean. This supports the availability of clean water for various purposes, including recreation and ecosystem health.

2. **SDG 11:** Sustainable Cities and Communities - Beach clean-up drives promote community engagement and raise awareness about environmental issues, fostering a sense of responsibility and stewardship towards coastal areas. This contributes to the creation of more sustainable and resilient communities.

3. **SDG 14:** Life Below Water - Beach clean-ups help protect marine ecosystems and biodiversity by preventing pollution and conserving marine life.

4. **SDG 12:** Responsible Consumption and Production - By cleaning up beaches, we promote responsible consumption and production by reducing marine litter and waste.

5. **SDG 13:** Climate Action - Reducing plastic pollution and waste on beaches can help mitigate climate change by preventing the release of greenhouse gasses from decomposing waste.

6. **SDG 15:** Life on Land - Keeping beaches clean contributes to preserving terrestrial ecosystems and biodiversity by preventing pollution runoff and protecting coastal habitats.

Brief description : It was a great experience to be a part of a clean up drive the beach was very dirty all the volunteers were doing a great job in a group to clean the beach clean up are a fantastic way to benefit swaying the environment they are an easy way to get people from all walks of life involved in reducing plastic pollution and protein marin life the beach clean-up not only help in removing harmful debris but also created a sense of community and unity among volunteers.

Report

Event: Beach Clean Up Drive

Date: Sunday, 1st October 2023

Time: 8:00 am - 10:00 am

Venue: Dadar Beach clean up drive

Objective of the Activity: The primary objective of the Beach Clean Up Drive was to contribute to the preservation of our coastal ecosystem and raise awareness about the critical need for responsible waste disposal. By cleaning up the beach, we aimed to restore its natural beauty and protect the marine life that calls it home.

Number of Beneficiaries: 47 Volunteers

Organized by: NSS unit of R.J. College is organizing a Beach Clean-up drive in collaboration with Vanashakti.

UN SDG

1.SDG 14: Life Below Water: This goal focuses on conserving and sustainably using the oceans, seas, and marine resources. Beach clean-ups help in removing plastic debris, litter, and other pollutants from the coastline, preventing them from entering the ocean and harming marine life.

2.SDG 12: Responsible Consumption and Production: By organizing beach clean-up drives, communities promote responsible consumption and production patterns. It raises awareness about the impacts of waste generation and encourages individuals to reduce, reuse, and recycle materials.

3.SDG 13: Climate Action: Marine debris, especially plastics, contributes to climate change through processes like degradation and the release of greenhouse gases. Cleaning up beaches can mitigate these impacts and raise awareness about the connection between waste management and climate change.

4.SDG 15: Life on Land: Although primarily focused on terrestrial ecosystems, Goal 15 also emphasizes the importance of combating desertification and halting biodiversity loss. Beach clean-ups contribute to preserving coastal habitats and protecting terrestrial ecosystems connected to the shoreline.

5.SDG 11: Sustainable Cities and Communities: Beach clean-up drives promote community engagement and collaboration in achieving sustainable development. They encourage local governments, businesses, and civil society to work together towards creating cleaner and more sustainable communities.

6.SDG 17: Partnerships for the Goals: Beach clean-up initiatives often involve partnerships between governments, NGOs, businesses, and local communities. Collaborative efforts are essential for effectively addressing marine pollution and achieving sustainable development targets.

Brief Description: The Beach Clean-Up Drive took place on Sunday, 1st October 2023. It attracted 47 dedicated volunteers. Over two hours, volunteers removed litter and plastic waste from the beach, making a noticeable difference in its cleanliness. Educational discussions on plastic pollution's impact enhanced awareness, fostering a sense of environmental responsibility among participants. This event successfully combined community involvement with environmental conservation efforts, leaving the beach cleaner and safer for all.

In summary, the Beach Clean-Up Drive, a joint effort between R.J. College's NSS unit and the Vanashakti, gathered 47 volunteers who diligently cleaned Dadar Beach on 1st October 2023. Through hands-on cleaning and informative discussions, participants actively addressed plastic pollution, leaving the beach visibly cleaner and inspiring a stronger sense of environmental stewardship in the community.

Report

Event: Beach Clean Up Drive

Date: Sunday, 1st October 2023

Time: 8:00 am - 10:00 am

Venue: Mahim (Reti Bandar)

Objective of the Activity: The primary objective of the Beach Clean Up Drive was to contribute to the preservation of our coastal ecosystem and raise awareness about the critical need for responsible waste disposal. By cleaning up the beach, we aimed to restore its natural beauty and protect the marine life that calls it home.

Number of Beneficiaries: 40 Volunteers

Organized by: NSS unit of R.J. College is organizing a Beach Clean-up drive in collaboration with GULLY CLASSES FOUNDATION.

UN SDG

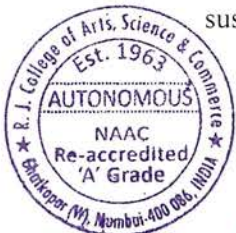

1.SDG 14: Life Below Water: This goal focuses on conserving and sustainably using the oceans, seas, and marine resources. Beach clean-ups help in removing plastic debris, litter, and other pollutants from the coastline, preventing them from entering the ocean and harming marine life.

2.SDG 12: Responsible Consumption and Production: By organizing beach clean-up drives, communities promote responsible consumption and production patterns. It raises awareness about the impacts of waste generation and encourages individuals to reduce, reuse, and recycle materials.

3.SDG 13: Climate Action: Marine debris, especially plastics, contributes to climate change through processes like degradation and the release of greenhouse gases. Cleaning up beaches can mitigate these impacts and raise awareness about the connection between waste management and climate change.

4.SDG 15: Life on Land: Although primarily focused on terrestrial ecosystems, Goal 15 also emphasizes the importance of combating desertification and halting biodiversity loss. Beach clean-ups contribute to preserving coastal habitats and protecting terrestrial ecosystems connected to the shoreline.

5.SDG 11: Sustainable Cities and Communities: Beach clean-up drives promote community engagement and collaboration in achieving sustainable development. They encourage local governments, businesses, and civil society to work together towards creating cleaner and more sustainable communities.

6.SDG 17: Partnerships for the Goals: Beach clean-up initiatives often involve partnerships between governments, NGOs, businesses, and local communities. Collaborative efforts are essential for effectively addressing marine pollution and achieving sustainable development targets.

Brief Description: The Beach Clean-Up Drive took place on Sunday, 1st October 2023, at Mahim's Reti Bandar. Organized by the NSS unit of R.J. College in collaboration with the Gully Classes Foundation, it attracted 40 dedicated volunteers. Over two hours, volunteers removed litter and plastic waste from the beach, making a noticeable difference in its cleanliness. Educational discussions on plastic pollution's impact enhanced awareness, fostering a sense of environmental responsibility among participants. This event successfully combined community involvement with environmental conservation efforts, leaving the beach cleaner and safer for all.

In summary, the Beach Clean-Up Drive, a joint effort between R.J. College's NSS unit and the Gully Classes Foundation, gathered 40 volunteers who diligently cleaned Mahim's Reti Bandar on 1st October 2023. Through hands-on cleaning and informative discussions, participants actively addressed plastic pollution, leaving the beach visibly cleaner and inspiring a stronger sense of environmental stewardship in the community.

Report

Event: Tree Plantation drive

Date: Monday, 2nd October 2023

Time: 7:00 am to 4:00 pm

Venue: Ecoglobe Packaging Pvt. Ltd premises, Khopoli, Maharashtra.

Objective of the Activity: The Tree Plantation Drive held on October 2nd, 2023, at the Eco Globe Packaging Pvt. Ltd premises, Khopoli, Maharashtra, had a clear mission: to promote environmental sustainability and create a greener, healthier environment. The activity aimed to engage volunteers and community members in the vital task of planting trees, fostering an understanding of the significance of preserving our natural resources.

Number of Beneficiaries: 09 Volunteers

Organized by: NSS unit of Ramniranjan Jhunjhunwala college in collaboration with Satya Sai Organization organizes **Tree plantation Drive**

UN SDG

1.SDG 13: Climate Action: Trees play a crucial role in mitigating climate change by absorbing carbon dioxide from the atmosphere and storing it as carbon. By planting trees, communities can help reduce greenhouse gas emissions and combat climate change.

2.SDG 15: Life on Land: Tree plantation drives contribute to the conservation and restoration of terrestrial ecosystems. Trees provide habitats for wildlife, prevent soil erosion, and promote biodiversity, supporting the sustainable management of land resources.

3.SDG 12: Responsible Consumption and Production: Planting trees promotes responsible land use and supports sustainable forestry practices. It also raises awareness about the importance of conserving natural resources and fostering sustainable consumption patterns.

4.SDG 11: Sustainable Cities and Communities: Urban tree planting initiatives improve air quality, reduce urban heat islands, and enhance the overall livability of cities. By planting trees in urban areas, communities can create healthier and more sustainable environments for residents.

5.SDG 6: Clean Water and Sanitation: Trees play a crucial role in watershed management by regulating water flow, preventing soil erosion, and maintaining water quality. Tree plantation drives can help protect water sources and promote access to clean and safe drinking water.

6.SDG 17: Partnerships for the Goals: Tree plantation initiatives often involve partnerships between governments, non-governmental organizations (NGOs), businesses, and local communities. Collaborative efforts are essential for achieving widespread impact and promoting sustainable development.

Brief Description: NSS Unit of R.J.College in collaboration with Satya Sai Organization organizes **Tree plantation Drive . 9** Volunteers are being a part of this initiative .The Tree Plantation Drive was a day filled with purpose and environmental stewardship. Beginning at 7:00 am and lasting until 4:00 pm, the event saw enthusiastic volunteers come together to plant indigenous tree seedlings within the Eco Globe Packaging premises. Proper planting techniques were emphasized, ensuring the saplings' optimal growth.

Throughout the day, awareness sessions were conducted to educate participants about the ecological importance of trees, including their role in purifying the air, sequestering carbon, and combating climate change. The event also attracted local residents and employees of Eco Globe Packaging Pvt. Ltd, fostering a sense of community involvement in environmental initiatives.

In conclusion, the Tree Plantation Drive on October 2nd, 2023, was a successful endeavor that achieved its objective of promoting environmental awareness and community engagement. It showcased the power of collective action in preserving our natural environment and marked the beginning of a series of future initiatives aimed at making our community and environment more sustainable and resilient.

Brochure

The brochure features a vibrant illustration of a beach scene. In the foreground, a group of eight diverse students, both male and female, are dressed in blue t-shirts and shorts. They are actively engaged in a beach cleanup; some are holding green waste bags, while others are using tools like a trash can and a shovel. A large, detailed palm tree stands prominently on the right side of the group. The background shows a serene beach with gentle waves, a clear blue sky, and a few distant clouds. The overall theme is environmental stewardship and community service.

BAMMC Department
Academic Year: 2023-2024

Report: Community Outreach Initiative: Versova Beach Cleaning Drive

Date: 4th October 2023
Time: 7:00 AM onwards
Venue: Versova Beach

Students of the BAMMC department (FYBAMMC) engaged in a community outreach program at Versova beach as part of their Environmental Studies project. The beach cleaning drive aimed to raise awareness about environmental issues and foster a sense of responsibility. Students actively cleaned up the shoreline, removing plastic and other debris to contribute to the preservation of marine ecosystems. The event successfully combined education and action, showcasing the students' commitment to making a positive impact on their community and the environment.

Objective of the event:

1. Raise awareness and encourage community involvement in sustainable practices.
2. Foster a sense of shared responsibility for maintaining a clean and healthy environment.

Learning outcome of the event:

1. The beach cleaning drive served as a practical extension of their classroom learning, allowing students to witness firsthand the environmental challenges discussed in their curriculum.
2. The event served as a platform for students to engage with the local community, raising awareness about the importance of responsible waste management and environmental preservation.

6.SDG 17: Partnerships for the Goals: Beach clean-up initiatives often involve partnerships between governments, NGOs, businesses, and local communities. Collaborative efforts are essential for effectively addressing marine pollution and achieving sustainable development targets.

Organized By: NSS Unit of R.J. College in collaboration with Gully Classes Foundation.

Brief Description: On Sunday, October 8, 2023, from 8:00 AM to 10:00 AM, the NSS Unit of R.J. College is partnering with Gully Classes Foundation to host a Beach Clean-Up Drive at Mahim (Reti Bandar).

The main objective of this event is to actively participate in environmental conservation by cleaning up the Mahim beach. It emphasizes the importance of clean coastal ecosystems for marine life, biodiversity, and public health. By organizing this drive, the NSS Unit seeks to raise awareness about the significance of responsible waste disposal and recycling.

The collaboration with Gully Classes Foundation adds to the community engagement aspect, fostering a sense of collective responsibility for the environment. The event encourages volunteers to contribute to a cleaner and more sustainable ecosystem, leaving a positive impact on the coastal area.

The NSS Unit expresses appreciation for the involvement of volunteers in this environmental initiative and continues to remain dedicated to promoting awareness and action in favor of environmental conservation.

An illustration at the bottom of the poster depicts a young girl with long dark hair, wearing a white short-sleeved shirt and a blue skirt, walking towards the left and placing a black plastic bag into a blue recycling bin. The bin features a white recycling symbol. To the right of the girl is a large green circular graphic containing a stylized illustration of a city skyline with blue buildings and green trees, set against a light green background. Below this graphic, there is a collection of eco-friendly items including a pink thermos, a green metal tiffin carrier, a yellow tote bag with a green floral pattern, and a blue reusable water bottle with a straw. The entire illustration is set against a light green background with subtle leaf patterns.

Report

Name of the Event: Zero Waste Campaign

Day and Date: 24th October 2023

Time: 10:00 am to 07:00 pm

Venue: Wankhede Stadium, Mumbai

Objective: NSS UNIT, RJ College, in collaboration with United Way Mumbai, is organizing a "Zero Waste Campaign" during the ICC World Cup Match at the prestigious Wankhede Stadium in Mumbai. The primary objective of this campaign is to promote environmental sustainability and waste management practices, aiming to raise awareness among the spectators and participants about the importance of minimizing waste generation and encouraging responsible waste disposal methods.

UN SDG :

- SDG 12:** Responsible Consumption and Production: The primary goal of a Zero Waste Campaign is to promote responsible consumption and production patterns. By encouraging individuals, businesses, and communities to reduce, reuse, and recycle resources, the campaign contributes to achieving.
- SDG 13:** Climate Action: Waste management, particularly reducing organic waste and preventing landfill methane emissions, can mitigate greenhouse gas emissions and combat climate change, thus aligning with.
- SDG 14:** Life Below Water and **SDG 15:** Life on Land: Waste, particularly plastic pollution, adversely impacts marine and terrestrial ecosystems. A Zero Waste Campaign that includes strategies to reduce plastic consumption and improve waste management helps protect biodiversity and ecosystems, supporting.
- SDG 6:** Clean Water and Sanitation: Inadequate waste management can contaminate water sources and jeopardize access to clean water and sanitation. By minimizing waste generation and pollution, a Zero Waste Campaign contributes to achieving.
- SDG 11:** Sustainable Cities and Communities: Implementing zero waste strategies in urban areas promotes sustainable consumption and production, reduces pollution, and fosters healthier and more liveable cities, thereby supporting.
- SDG 9:** Industry, Innovation, and Infrastructure: Innovations in waste reduction, recycling technologies, and sustainable packaging contribute to achieving SDG 9 by fostering sustainable industrialization and promoting innovation.
- SDG 3:** Good Health and Well-being: Effective waste management practices, including proper disposal of hazardous waste and reducing exposure to pollutants, contribute to improving public health and well-being, thus aligning with..

8. **SDG 17:** Partnerships for the Goals: Collaboration between governments, businesses, civil society organizations, and communities is essential for the success of Zero Waste Campaigns. By fostering partnerships and cooperation, the campaign supports.

Number of Volunteers: 13

Organized By: The Zero Waste Campaign is a collaborative effort between the NSS UNIT of RJ College and United Way Mumbai, symbolizing their shared commitment to fostering environmental consciousness and sustainable practices within the community.

Brief Description: The Zero Waste Campaign, scheduled to coincide with the ICC World Cup Match on 24th October at Wankhede Stadium, Mumbai, is set to engage and educate spectators and participants about the importance of waste reduction and responsible waste management. The campaign featured a series of informative sessions, interactive workshops, and engaging activities aimed at highlighting the detrimental impact of excessive waste on the environment and promoting practical strategies for waste reduction and recycling.

With the active participation of volunteers and the support of the community, the Zero Waste Campaign instilled a sense of environmental responsibility and encourage sustainable practices that can be adopted beyond the event, leaving a positive and lasting impact on the local and global environment.

Report

NSS Unit of Ramniranjan Jhunjhunwala College.

Name of the Event: Beach Clean-Up Drive.

Date: October 22, 2023.

Time: 8:00 AM to 10:00 AM.

Venue: Reti-Bandar (Mahim).

Objective of the Activity – To promote environmental awareness and preserve the coastal area at Reti-Bandar in Mahim.

Organised by :- NSS Unit of Ramniranjan Jhunjhunwala College in collaboration with Gully Classes Foundation.

UN SDG

1.SDG 14: Life Below Water: Beach clean-up drives help protect marine ecosystems by removing litter and plastic waste from beaches before they enter the ocean. By preventing marine debris, such initiatives contribute to conserving marine life, biodiversity, and the overall health of oceans and coastal areas.

2.SDG 15: Life on Land: While primarily focused on terrestrial ecosystems, Goal 15 also emphasizes the importance of combating land-based pollution and preserving habitats connected to the shoreline. Beach clean-up drives contribute to maintaining coastal ecosystems, protecting flora and fauna, and supporting sustainable land management practices.

3.SDG 12: Responsible Consumption and Production: Beach clean-up drives raise awareness about the environmental impacts of irresponsible consumption and waste generation, particularly plastic pollution. By promoting responsible consumption habits and waste reduction strategies, such initiatives support Goal 12's objective of achieving sustainable consumption and production patterns.

4.SDG 13: Climate Action: Marine debris, including plastics, contributes to climate change through processes like degradation and the release of greenhouse gases. Beach clean-up drives help mitigate these impacts by removing pollutants from coastal areas, thereby supporting climate resilience and efforts to combat climate change.

5.SDG 11: Sustainable Cities and Communities: Beach clean-up drives promote community engagement and collaboration in achieving sustainable development. By bringing together local residents, businesses, government agencies, and civil society organizations, such initiatives contribute to building cleaner, healthier, and more sustainable communities.

6.SDG 17: Partnerships for the Goals: Beach clean-up initiatives often involve partnerships between governments, NGOs, businesses, educational institutions, and local communities. Collaboration and multi-stakeholder engagement are essential for mobilizing resources, raising awareness, and implementing effective solutions to marine pollution and coastal degradation.

Brief Description: On October 22, 2023, from 8:00 AM to 10:00 AM, volunteers gathered at Reti-Bandar (Mahim) for a Beach Clean-Up Drive. They received safety equipment and enthusiastically combed the shoreline, collecting various litter, including plastic debris and glass. Waste segregation highlighted responsible disposal and recycling.

The event aimed to raise awareness about the detrimental effects of litter on marine life and ecosystems. It concluded at 11:00 AM, emphasizing the importance of responsible waste management and community involvement in preserving coastal ecosystems.

The NSS Unit is committed to environmental conservation and thanks all participants, organizers, and Gully Classes Foundation for their support. Anticipating more initiatives for a cleaner environment.

Report

Name of the Event: Beach Clean-Up Drive.

Date: October 29, 2023.

Time: 8:00 AM to 10:00 AM.

Venue: Reti-Bandar (Mahim).

Objective of the Activity – To promote environmental awareness and preserve the coastal area at Reti-Bandar in Mahim.

UN SDG:

1.SDG 14: Life Below Water: This goal focuses on conserving and sustainably using the oceans, seas, and marine resources. Beach clean-ups help in removing plastic debris, litter, and other pollutants from the coastline, preventing them from entering the ocean and harming marine life.

2.SDG 12: Responsible Consumption and Production: By organizing beach clean-up drives, communities promote responsible consumption and production patterns. It raises awareness about the impacts of waste generation and encourages individuals to reduce, reuse, and recycle materials.

3.SDG 13: Climate Action: Marine debris, especially plastics, contributes to climate change through processes like degradation and the release of greenhouse gases. Cleaning up beaches can mitigate these impacts and raise awareness about the connection between waste management and climate change.

4.SDG 15: Life on Land: Although primarily focused on terrestrial ecosystems, Goal 15 also emphasizes the importance of combating desertification and halting biodiversity loss. Beach clean-ups contribute to preserving coastal habitats and protecting terrestrial ecosystems connected to the shoreline.

5.SDG 11: Sustainable Cities and Communities: Beach clean-up drives promote community engagement and collaboration in achieving sustainable development. They encourage local governments, businesses, and civil society to work together towards creating cleaner and more sustainable communities.

6.SDG 17: Partnerships for the Goals: Beach clean-up initiatives often involve partnerships between governments, NGOs, businesses, and local communities. Collaborative efforts are essential for effectively addressing marine pollution and achieving sustainable development targets.

Number of Volunteers: 11 NSS Volunteers.

Organised by :- NSS Unit of Ramniranjan Jhunjhunwala College in collaboration with Gully Classes Foundation.

Report

Name Of the Event: Beach Clean-up Drive

Date And Day: 5th November 2023, Sunday

Time: 08:00 am to 10:00 am

Venue: Mahim (Reti Bandar)

Organized By: NSS Unit of R J College in Collaboration With GULLY CLASSES

UN SDG:

1. **SDG 12:** Responsible Consumption and Production - By cleaning up beaches, we promote responsible consumption and production by reducing marine litter and waste.

2. **SDG 13:** Climate Action - Reducing plastic pollution and waste on beaches can help mitigate climate change by preventing the release of greenhouse gases from decomposing waste.

3. **SDG 14:** Life Below Water - Beach clean-ups help protect marine ecosystems and biodiversity by preventing pollution and conserving marine life.

4. **SDG 15:** Life on Land - Keeping beaches clean contributes to preserving terrestrial ecosystems and biodiversity by preventing pollution runoff and protecting coastal habitats.

Number of volunteers: 11

Objective Of the Activity: The objective of a beach cleanup drive is to remove litter, debris, and pollutants from beaches and coastal areas to restore and preserve their natural beauty, protect marine wildlife, and maintain ecological balance.

Brief Description: At Mahim Reti Bandar Beach, students from various colleges gathered for a beach cleanup drive. Equipped with gloves, they diligently collected waste, consolidating it at designated spots for easier disposal.

Assigned specific areas, they worked collaboratively, demonstrating teamwork and dedication to cleaning the beach. After the cleanup, participants were treated to refreshments as a gesture of appreciation for their efforts in preserving the environment.

REPORT

The Pavo Nature Club of RJC successfully organized an Eco-Friendly Lantern Making Workshop on 9th November 2023. Students enthusiastically participated in crafting lanterns using sustainable materials, promoting creativity and environmental awareness. The workshop highlighted the importance of eco-friendly practices while celebrating cultural traditions. Participants were guided through innovative techniques, resulting in beautifully crafted lanterns.

The event was a creative and educational success, fostering environmental consciousness among students.

Report Of NSS Unit Activity

Flyer

The flyer is for a 'BEACH CLEAN-UP DRIVE' organized by the NSS UNIT in collaboration with United Way Mumbai. It features a blue background with a beach scene at the bottom. The text is centered and includes the date, time, and venue of the event. There are logos for the college and the NSS unit. The bottom of the flyer shows an illustration of people participating in the clean-up, with bins for glass, paper, and bottles.

Report

Name of the Event: Beach clean-up

Organised by: NSS unit of RJ College in collaboration with United Way Mumbai

Day and date: Thursday, 28th December 2023

Time: 08:00 am to 10:00 am

Venue: Mahim beach

Objective of the activity: work towards maintaining the cleanliness of Mahim Beach, contributing to the overall health of the environment and preventing pollution.

UN SDG goals:

1. Goal 14: Life Below Water: Beach clean-ups contribute to protecting marine ecosystems by removing plastic debris, pollutants, and other waste from coastal areas, thus preserving marine biodiversity and habitats.

2. Goal 15: Life on Land: Cleaning up beaches helps prevent land-based waste from reaching coastal and marine environments, reducing the negative impacts on terrestrial ecosystems and biodiversity.

3. Goal 12: Responsible Consumption and Production: Beach clean-ups promote responsible consumption and production by raising awareness about the importance of reducing waste generation, improving waste management practices, and minimizing the use of single-use plastics.

Brief description: Engage with the local community to raise awareness about the importance of keeping the beach clean and involving them in the clean-up efforts educate individuals about proper waste disposal, recycling and sustainable practice to foster a sense of responsibility towards the environment

29 NSS volunteers participated in the activity.

Report Of NSS Unit Activity

Flyer

The flyer is for a 'Beach Clean-Up Drive' organized by the NSS Unit of Hindi Vidya Prachar Samiti's Ramniranjan Jhunjhunwala College Ghatkopar (W) (Empowered Autonomous) in collaboration with Khushiyaan Foundation. The event is scheduled for 7th January 2024, from 9:30 am to 11:30 am, at Dadar Beach. The illustration shows four people participating in the clean-up: one person is collecting trash into a red bin, another is using a broom to sweep the beach, and two others are picking up litter. The background features palm trees and a blue sky with birds.

Report

Name of the Event: Beach clean- Up

Organised by: NSS Unit of R.J. College in collaboration with Khushiyaan Foundation

Day and date: Sunday, 07th January 2024

Time: 09:30 am to 11:30 am

Venue: Dadar beach

Objective of the activity: Objective of beach clean-up is usually to remove trash and debris from beaches to protect marine life, preserve the environment and create a cleaner and safer space for both wildlife and visitors.

UN SDG:

1. **SDG 12:** Responsible Consumption and Production - By cleaning up beaches, we promote responsible consumption and production by reducing marine litter and waste.

2. **SDG 13:** Climate Action - Reducing plastic pollution and waste on beaches can help mitigate climate change by preventing the release of greenhouse gasses from decomposing waste.

3. **SDG 14:** Life Below Water - Beach clean-ups help protect marine ecosystems and biodiversity by preventing pollution and conserving marine life.

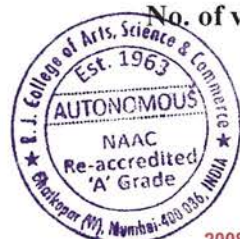

4. **SDG 15:** Life on Land - Keeping beaches clean contributes to preserving terrestrial ecosystems and biodiversity by preventing pollution runoff and protecting coastal habitats.

Brief Description: The Beach Clean-Up Drive, scheduled for 9:30 AM on January 7, 2024, is an exemplary initiative by the NSS Unit of R. J. College. This event underscores the college's dedication to community service and environmental preservation. The primary focus of the drive is to remove litter and debris from the beach, which not only enhances the aesthetics of the area but also contributes significantly to the overall cleanliness and well-being of the ecosystem.

By collaborating with the Jay Foundation, the college is reinforcing its commitment to responsible citizenship and environmental stewardship. This event not only benefits the local community and beachgoers who enjoy the pristine shoreline but also positively impacts the environment and marine life that call this beachfront their home.

The NSS Unit's Beach Clean-Up Drive serves as a powerful example of how educational institutions can lead the way in fostering a sense of duty toward society and the environment. It is a step towards a cleaner, healthier, and more sustainable future, demonstrating the college's dedication to the betterment of the community and the nation.

No. of volunteers attended: 23 volunteers attended.

QR Coding of Trees in Gardens of Garodia Nagar on 10th January 2024

REPORT

QR Coding of trees allowed visitors to access detailed information about each tree, such as its species, ecological significance, and unique features, simply by scanning the QR code. Beyond enhancing knowledge, the project fosters a deeper connection between the community and nature. The initiative also aligns with sustainable practices, promoting biodiversity conservation and environmental stewardship. Its broader objectives include encouraging similar green practices across other campuses and public spaces, ultimately contributing to a more informed and eco-conscious society.

Green Building and Energy Conservation Talk 14/02/2024

Notice

Date: 12/02/2024

DLLE Unit, Ramniranjan Jhunjhunwala College, Ghatkopar

We are excited to announce an upcoming awareness lecture on "Green Building and Energy Conservation", organized by SES-REC in association with DLLE. This event aims to shed light on sustainable practices and the importance of energy conservation in today's world.

Event Details:

Topic: Green Building and Energy Conservation

Speaker: Dr. Roshni Udyavar Yehuda, CEO of Roshni Udyavar & Associates (RUA),
Mumbai, and RUA Ecospaces LLP

Date: 14th February 2024
to 12 Noon

Time: 11 AM

Venue: Room No. 44

- 1) All participants from FY would get 2 CC hours for participation.
- 2) Join this WhatsApp group (<https://chat.whatsapp.com/EoGc88O1j2B3B5jKUwyLUr>)
- 3) Everyone will get an E-certificate for attending the awareness lecture.

This lecture promises to be an enlightening session, offering valuable insights from one of the industry's leading experts, Roshni Udyavar Yehuda. It is a fantastic opportunity for anyone interested in sustainable building practices and energy conservation methods.

All are cordially invited!

Dr Vaishali Raikwar
Convener, DLLE

Report

Objectives: To create awareness about environment and energy conservation among the young generation.

Topic: Green Building and Energy conservation

Date: 14/02/2024

Time: 11 am to 12 noon

Venue: Room No, 44

Student participants: 214

Teachers: 05

A talk on Green building and Energy conservation was organized on February 14, 2024 . The speaker Dr Roshni Udyavar explained to the students the concept of green energy and its importance in the construction of any building. The effect of global warming and the need for energy conservation were the points that were highlighted in her talk. Total 214 students participated in the talk. The talk was related to the SDG 7 Clean and Green Energy.

Report

Name Of The Event : BEACH CLEAN-UP DRIVE

Date : 24th February 2024

Time: 7:30 am to 9:30 am

Venue : Prabhadevi Beach, Dadar

Number Of Participants : 13

Organised by : NSS UNIT in collaboration with Khushiyaan Foundation

SDG Goals :

1.SDG 14: Life Below Water: Beach clean-up drives directly support Goal 14 by helping to reduce marine pollution, particularly plastics, which pose a significant threat to marine life and ecosystems. By removing litter and waste from beaches, the initiative helps to protect coastal habitats and preserve biodiversity.

2.SDG 12: Responsible Consumption and Production: Promoting beach clean-up drives encourages responsible consumption and production practices by raising awareness about the environmental impact of littering and encouraging individuals and communities to reduce waste generation and properly dispose of garbage.

3.SDG 13: Climate Action: Clean beaches contribute to climate action efforts by preventing plastics and other pollutants from entering the ocean, where they can degrade and release greenhouse gases, exacerbating climate change. Additionally, maintaining healthy coastal ecosystems helps to mitigate the impacts of climate change, such as coastal erosion and sea-level rise.

4.SDG 11: Sustainable Cities and Communities: Beach clean-up drives contribute to creating sustainable and resilient cities and communities by improving the aesthetic appeal of coastal areas, enhancing recreational opportunities, and protecting public health. Clean beaches also attract tourists, supporting local economies and livelihoods.

5.SDG 15: Life on Land: While primarily focused on marine environments, beach clean-up drives indirectly support Goal 15 by preventing land-based waste from entering coastal ecosystems and impacting terrestrial biodiversity and ecosystems.

Objective Of The Activity : The goal of beach clean-up drive is to protect the environment and public health by removing litter and pollutants from coastal areas, preventing pollution and raising awareness.

about responsible waste management. Through collaborative efforts, this initiative fosters community engagement and promotes sustainable behaviours, contributing to the conservation of coastal ecosystems and the well-being of both marine life and communities.

Brief Description : Volunteers gathered at the college premises at 6:45 am and leave for the beach in some time. We reached the beach after a brief walk. Many NSS volunteers from different colleges present for the activity.

Volunteers were provided with masks and gloves. BMC and people from the foundation were leading all the volunteers. The cleaning went on till after 10:30 am. Volunteers' uniform and shoes were soiled by

the time the activity got over as the beach was dirty.

At the end, lots of garbage was collected and the beach looked slightly clean but we still have a long way to go. Continuous cleaning and collaborative effort is the only way to have clean beaches and safe lives.

Outcome Of The Activity : The outcomes of this activity are:

1. Cleaner beaches and coastal areas
2. Reduction in marine pollution which will lead to protection of marine life and ecosystems.
5. Raised awareness about responsible waste management
