BIOTECHNOLOGY DEPARTMENT MENTOR – MENTEE

Mentor - Mentee Group Name: SYMBIONT

Students Benefited: TYBT, SYBT

Session I

Number of students Benefited: SYBT - 57 & TYBT - 43

Session II

Number of students Benefited: TY-50, SY-54

Number of Teachers Involved: 08- Dr. Sucheta Golwalkar, Dr. Rachana Acharya, Dr. Tania Karipel, Saleha Khan, Naushaba Qureshi, Smita Jadhav, Jasvinder Kaur/Rituja Mahanty, Marc Martins

REPORT

The Biotechnology department's Mentor -Mentee groups were collectively named as SYMBIONTS. UG students were divided into 8 groups mentored by seven teachers. Each group comprised 8 students of TYBT & SYBT and was given a unique name: Megabionts, Kilobionts, Milibionts, Microbionts, Nanobionts, Picobionts, Femtobionts and Attobionts. Two meetings were conducted in the academic year 2022-23.

The Department of Biotechnology organized session I of Mentor -Mentee on 23rd July 2022 for third year and second year students. The mentee and mentor group introduced themselves and discussed their backgrounds, experiences, expectations for the mentorship, and the specific areas in which the mentee would like to receive guidance and support.

The Department of Biotechnology introduced the "BIOTECH BUDDIES" concept involving mentoring of students by peer students who have performed well in various fields.

Third year students of Biotechnology - Mr. Chaitanya Gatal (Roll No:1015) and Ms. Sneha Pandey (Roll No:1055) shared their experiences and work with their classmates and juniors - SYBT students. 57 students of second year & 43 students of third year attended the session.

Chaitanya Gatal was an intern at University of Mysore- Manasagangothri. He worked on understanding molecular evolution of Fatty Acid Desaturases gene family across nasuta-

subgroup of *Drosophila* phylogeny” under the guidance of Dr. N.B.Ramachandra, UGC-BSR Faculty Fellow, DoS in Genetics & Genomics; as a part of Summer Research Fellowship Project from 5th May 2022 to 8th July 2022. In Biotech Buddies session, Mr. Gatkal explained the concepts of Speciations, Lacunae and possible role of desaturase in evolution of species of the nasuta subgroup of *Drosophila*. He also mentioned the techniques that were used by him for the studies like Sequence alignment and protein model building using the Swiss model.

Sneha Pandey went to the US as per student exchange, Community College Initiative Program (CCIP) which is a one-year program that allows students from various countries to study in an undergraduate program at different community colleges in the US. She completed a diploma in Agribusiness from Snow College, Utah, US from July 2021 to May 2022. She discussed how the exchange program helped her in understanding the nuances and challenges of agribusiness, evolving her personality, learning various cultures and languages from students of other countries.

During the session II, students were guided on developing specific skills like networking, communication, time management, project management, or technical skills, among others that the mentee needs to advance in their career or personal life.

Students were guided to identify their strengths and weaknesses and work on personal development goals like confidence-building, managing stress, or other topics.

Students were advised to attend Anubhav Ke Bol -Alumni Interaction sessions in which Alumni who are professionals in their network can provide significant guidance

Students were also provided access to resources such as books, articles, or courses that may be helpful in achieving their goals.
