REPORT

Name of the event: Hodophile

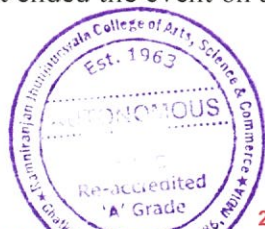

Date: 28th August, 2022

Time: 8am onwards

Venue: Sanjay Gandhi National Park

Hodophile is a event by club service directors to make all the new rotaractors connect with each other and make them have fun together. Also this event was held to attract the Non-rotaractors who seem to be interested but are not a part of our RCRJ family. Organizing such events will also let them know that Rotaract not only provides knowledge but also carries out such wonderful trips. The event was planned 20 days ago. We were looking for some place where we can get all shades of exploring ie the river side, the trek part, animals or the zoo, garden and many more. So we thought Sanjay Gandhi National Park was the perfect fit for what we were looking for. After planning about the visit, budget, then we started doing our PR. We went to every classroom there at that time to announce about the event. We gave them every detail of the event and solved their few queries there. Later the Pr message and Jpeg was released on the Instagram handle of RCRJ and was circulated in almost every group created by Rotaract earlier. It was posted on 26th August 2022. One day before the event a guidelines message was sent in the Hodophile group and everything was informed. On the D-Day, everyone reached the college at the given reporting time that was 7:30am. We had already decided that there will be 6-7 groups formed along with one core member and board of director too. Then everyone took train and then after reaching at the final destination; we took the tickets and entered finally at the Sanjay Gandhi National Park.

At first, we went to the river side which provided a relief after travelling. Everyone sat at the river side kept their legs in water, feeling the calmness of nature. Everyone took beautiful pictures together, walked in the water on those greasy rocks taking support of each other. After spending enough time resting at the side of river, we went for the railway track that was the trek side of the park. Everyone were really enjoying and then we saw the peacocks, types of deers and fee more cute little animals. After walking here and there throughout the day we then sat in the garden. We took a final picture at the main gate and went for the station. Later after we reached college, we asked them about the feedback and the response was worth listening. Then we thanked them for their active participation in the event. Vice presidents gave vote of thanks and the president ended the event on a very good note.
