

Project Name: Student Managers (SM)

Teacher In charge: Mrs Pooja Bhardwaj

Number of beneficiaries: 14

Report on Student Managers (SM)

Student managers have a very important role in successful implementation and execution of each project undertaken by the students under the DLLE program. They are expected to understand in detail the various projects, undertake the mandated training and disseminate information of the field programs. A student manager shall work in collaboration and coordination with the designated teachers and the students. They are trained and motivated to carry out the extension work projects in the colleges and to benefit the community.

In our college, for this academic year, 14 student managers were appointed by DLLE committee. They have been selected based on the following criteria: previous experience in extension work, outstanding organizational ability, capacity to do work and take a task to completion with efficiency, dynamism, sincerity, honesty, gender sensitivity, devotion, and commitment to the students.

The student manager's training sessions are conducted and it is essential for them to have 90% attendance. On completion of 120 hours of work according to the roles, responsibilities given and written submission of project reports, the student managers are allotted 10 marks.

The range of activities that need to be carried out by a Student Manager include assistance in registration and enrollment of students for DLLE, guidance of students during the program, organization of the training programs at the college, preparation of reports, carrying out field visits, maintenance of field work records, organization and participation in the annual competitions of the Department, helping the teacher in the preparation of grace marks lists and the completion of formalities for the award of ten marks, etc.
