Report

Ms. Manisha Deshmukh highlighted different aspects of interview in the following points:

Practice common interview questions: There are many common interview questions that employers often ask. Practice answering these questions with a friend or family member. This will help you feel more confident and prepared during your interview.

Dress appropriately: Dress professionally for your interview, even if it is a virtual interview. Choose an outfit that is conservative and comfortable.

Be punctual: Make sure to arrive on time for your interview, whether it is in person or online. If it is an online interview, make sure your technology is working properly beforehand.

Bring your resume and any other relevant documents: Bring a copy of your resume, as well as any other documents that may be relevant to the position, such as a portfolio or writing samples.

Prepare questions to ask the interviewer: Come up with a few questions to ask the interviewer about the company and the position. This shows that you are interested in the job and have done your research.

Follow up after the interview: Send a thank-you note or email to the interviewer within 24 hours of your interview. This is a good way to show your appreciation for their time and reiterate your interest.
