They were also introduced to the different parts of a resume and given guidance on customizing them according to their needs. This would equip them with the ability to build their resume which will ultimately help them during their job search. There were 15 students from FYBA and 16 students from FYBCom who attended the workshop. After the session, students were given an assignment to prepare individual resumes and submit them on Google classroom created for the same. Certificates were given to the participants who successfully completed the assignment.
