5. Prof .Aditi Prajapati
6. Prof.Radhika Kapoor

(Mode of Conduct /Venue): Offline Mode : MPSS Hall

Number of Students participated:

FY, SY and TY students of BSc IT and Biotechnology

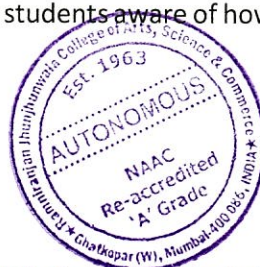

Total No. of participants : **195**

Content of session :

The Department of Information Technology has organized a Movie Screening session on Information Security Awareness as a *Diamond Jubilee Year Celebration Activity and a DBT Star Activity* on 6 September 2022 in the MPSS Hall.

Entertainment-education is a strategy proven to engage audiences, introduce ideas, and empower students in proper decision making. The Movie "The Social Dilemma" was screened during the session. It was an eye-opener session that tells us how many social media companies succeed by capturing as much of our attention as they can to gain data and then selling that data to the highest bidders. As the saying goes, **if you're not paying for the product, you are the product**. If we allow these social media platforms to continue harvesting our data and it to sell advertisers and to continue controlling our lives with algorithms while neglecting questions of ethics ,this would be the demise of human values. Key Takeaways from the movie was Fake news are everywhere,We get dopamine in using our apps. We are an experiment.It was a wake call for the students to limit the usage of social media and be aware of the content posted on social media. The Movie screening was followed by a self assessment quiz link for making the students aware of how to handle their information on a digital platform.
