## REPORT

A seminar was conducted by the Department of Environmental Science and Disaster Management on account of International Whaleshark Day on 30th August 2022. For the event, Ms. Dhanashree Bagade from Mangrove Foundation was invited to give a talk on 'Elasmobranchs and their conservation in Maharashtra'. She was accompanied by Mr. Jayesh Vishwakarma, Scientific Officer from Mangrove Foundation. 4 teachers and 28 students attended the seminar.

Mangrove and Marine Biodiversity Conservation Foundation of Maharashtra (Mangrove Foundation), an Autonomous Body under the Revenue & Forests Department, Government of Maharashtra, was set up for recruiting necessary skill sets and operational flexibility to implement conservation programs across the coastal regions of Maharashtra. The Foundation also supports the implementation of various livelihood activities under the 'Mangrove Conservation and Livelihood Generation Scheme' of Government of Maharashtra. In addition, the Foundation conducts capacity-building programs for various stakeholders.

The guest speaker provided the students with information regarding the types of Elasmobranchs that are found in the water off the country's coastline (with the focus on Mumbai and Maharashtra) such as sharks, rays and skates, the importance of their role within the ecosystem, threats faced by these species as well as the conservation activities undertaken by the Foundation in collaboration with the fishing communities.
