## REPORT

**Name of the activity:** Vruksha Bandhan

**Date:** 9th August 2022.

**Time:** 9:30 am to 10:30 am

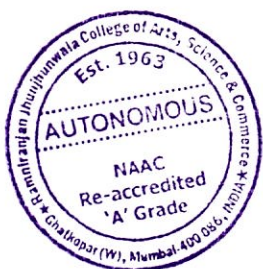

**Organized by :** Pavo Nature Club

**Location:** Ramniranjan Jhunjhunwala College, near main gate.

**Objective of the activity:** Vruksha Bandhan is to tie rakhi to our brother trees to protect us and to protect them by making a promise to grow more plants and to provide the trees the protection they need.

**No. of participants:** 16

**Brief Description:** The Vruksha Bandhan was celebrated in collaboration with Atulya Shuruaat. The main motive behind this event was to make understand students about how we need to protect the trees to let them protect us. It was celebrated near the Ramniranjan Jhunjhunwala College's First gate. The event made us realize that our brother trees also need protection to protect us and we should do the need.

## REPORT

A seminar was conducted by the Department of Environmental Science and Disaster Management on account of International Whaleshark Day on 30th August 2022. For the event, Ms. Dhanashree Bagade from Mangrove Foundation was invited to give a talk on 'Elasmobranchs and their conservation in Maharashtra'. She was accompanied by Mr. Jayesh Vishwakarma, Scientific Officer from Mangrove Foundation. 4 teachers and 28 students attended the seminar.

Mangrove and Marine Biodiversity Conservation Foundation of Maharashtra (Mangrove Foundation), an Autonomous Body under the Revenue & Forests Department, Government of Maharashtra, was set up for recruiting necessary skill sets and operational flexibility to implement conservation programs across the coastal regions of Maharashtra. The Foundation also supports the implementation of various livelihood activities under the 'Mangrove Conservation and Livelihood Generation Scheme' of Government of Maharashtra. In addition, the Foundation conducts capacity-building programs for various stakeholders.

The guest speaker provided the students with information regarding the types of Elasmobranchs that are found in the water off the country's coastline (with the focus on Mumbai and Maharashtra) such as sharks, rays and skates, the importance of their role within the ecosystem, threats faced by these species as well as the conservation activities undertaken by the Foundation in collaboration with the fishing communities.

## REPORT

**Name of the Activity:** Tree Plantation Drive

**Date:** 19th and 26<sup>th</sup> June, 2022

**Time:** 7:30am

**Organized by:** Pavo Nature Club

**Collaboration with:** Muskurate Raho Organisation

**Locatin :** Unit No. 25 , Aarey Forest

**Objective of the Activity :** The Tree Plantation Drive was conducted with an aim to control Global Warming, make Environment Pollution free and spread awareness on the importance of keeping a clean and green environment.

**No. of Participants:** 22

**Brief Description:** Pavo nature club volunteers of RJ College participated in Tree Plantation Drive conducted on 19 June in collaboration with Muskurate Raho Organisation at Aarey Forest . Total 22 students participated in the drive Students planted the Tree Saplings and learned new techniques about Plantation. It was aimed for our Future in order to make Mumbai Greener and Pollution Free.

## REPORT

Name of the Activity: MAGICAL MANGROVE

Date: 30<sup>th</sup> July, 2022

Time : 5pm to 9 pm

Organized by : Pavo Nature Club

Location / Platform : Video on Youtube and quiz on Google form

Objective of the Activity: This activity was simply held for creating awareness among students about the importance of mangrove forest and their conservation and their role in safeguarding the boundaries of our country.

No. of Participants: 40 participants

PAVO NATURE CLUB organised the activity of MAGICAL MANGROVE to create awareness among students about the importance of the mangrove forest. MAGICAL MANGROVE is campaign launched by Godrej & Boyce and WWF India to protect the mangroves as they play important role in safeguarding our ocean boundaries. In this activity students acquired knowledge about various conservation programme for mangrove at state and national level by watching a video on Youtube. Students also attended a quiz via Google form on the basis of the video watched by them. Everyone participated enthusiastically and it was an informative event.

## REPORT

**NAME OF THE ACTIVITY:** Home Composting

**DATE:** 28<sup>th</sup> August, 2022.

**TIME:** 10:00 – 1:00 pm.

**Organized by:** PAVO NATURE CLUB.

**LOCATION:** Biology lab 5, Ramniranjan Jhunjhunwala College, Ghatkopar.

**Objective of the activity:** Composting is a safe and natural way to reduce landfill waste and help crops and plants grow. It may benefit the health of soil and food by increasing the nutrient content.

**Brief Description:** Volunteers of Pavo Nature Club of RJ College participated in Home Composting Workshop organized by PAVO NATURE CLUB on 28<sup>th</sup> August in RJ College in Biolab 5. Total 87 volunteers attended the workshop. Mr. Somnath K shared information regarding how to make compost and Bio-enzyme.

## Report

**Wildlife Week 2022 Celebrations** were organized by the **Department of Environmental Science and Disaster Management in collaboration with Photography, Painting and Film Appreciation Association – RteryJ** on **2<sup>nd</sup>, 3<sup>rd</sup>, 4<sup>th</sup> and 6<sup>th</sup> October 2022** on the occasion of Wildlife Week which runs in the country from 1<sup>st</sup> to 8<sup>th</sup> October. The event included the following activities-

1. 2/10/2022 - Nature trail to Maharashtra Nature Park
2. 3/10/2022 – Inauguration of the event and Film Screening
3. 4/10/2022 – Photography competition and exhibition, Talk by judge
4. 6/10/2022 - Film Screening, Online Quiz

The event was open for all departments and was attended by students belonging to **BSc., B. Com, BA, BSc IT, MSc. I, MSc. II** classes. Total **95** students had registered for the event. The registrations, photograph submission and quiz were conducted in an online format through Google Forms.

The Wildlife Week event began with a nature trail at Maharashtra Nature Park where the students also got the opportunity to participate in the On-the-spot wildlife photography competition organized by the park as well as watch a street play on leopard conservation which was performed by students of Rishi Valmiki Eco-school.

The event was then inaugurated in the Seminar Hall of the college by **Vice-Principal Captain Pravin Nayak** followed by the screening of the Film '**Wild Edens: South Asia**'. **Mr. Sachin Rane** from **Naturalist Foundation** and **Naturalist Explorer** was invited to give a talk on Wildlife Photography and how to improve it using mobile cameras. He also judged the entries displayed for Photography competition.

The photography exhibition witnessed a footfall of **247** visitors which included students of Junior College, Undergraduate and Postgraduate degree college and faculty members (teaching and non-teaching). The last day of the event was concluded with the screening of the Film '**One Planet**'. 5 teachers were involved in the coordination of the event –

## Report

*Saraca Indica*, the plant of great religious and medicinal importance as mentioned in the Vedas and proved by the contemporary world has been facing threats to its own existence in the present day . Thus, as a step towards its conservation, Members of PAVO NATURE CLUB along with the guidance of a senior conservationist had a Rescue program for the Sita Ashoka organized on 9th October 2022. 7 young nature enthusiast at the dawn of bright Sunday, started the day by accumulating in the college premises near the Seminar hall . From there, the team moved to get their task of protecting the magnificent plant of Sita Ashoka .

On reaching the premises of BKC, the team was welcomed and introduced to the senior nature enthusiast and then finally the major task of rescuing the *Saraca indica* seedling started. They were then transferred to polythene bags for easy transport.

At the end of the day, the senior conservationist was given a formal vote of thanks by Mr. Balkrishna Pathak and the team along with a portion of the rescued seedling of Sita Ashoka 18 to be precise went back to college. At the college, these seedling was successfully transferred into the polybags where they are aimed to grow up to a height after which they will be potted at safer place .

## REPORT

**Name of the Activity:** Sea Shore at Haji Ali

**Date:** 22<sup>nd</sup> December, 2022.

**Organized By:** PAVO Nature Club

**Collaboration with:** UNITED WAY MUMBAI

**Location:** Haji Ali, Mumbai.

**Objective of the Event:** The Sea Shore walk was important and necessary for youth, so that they should know diversity of organism present in the sea shore of Mumbai and value their importance and how this organism allow one to observe nature's miracle and spread the nature's true beauty.

**Brief Description of the Event:** The Sea Shore walk at Haji Ali was amazing. Pavo Nature Club Volunteers were part of this walk. College students made a single group and headed by Swanand sir and his associates. Students acquired information related to marine organisms they had found at the shore like Octopus, Different of species of crabs, Marine Plant like Tiger of Ocean and much more. The walk was very informative for students of the Pavo Nature Club of RJC.

### CYCLE EXPEDITION TO SHANTIVAN (PANVEL)

#### A REPORT

One of the tradition of RJ NCC unit since 2008 is to organise a cycle expedition to different parts of the country. This helps the cadets to be motivated and develop the spirit of adventure. Not only this, it develops in them the endurance, a sense of duty and discipline and above all the spirit of National Integration by knowing the culture in different parts of the country through which they pass during their journey. This year a cycling expedition was organised to Kushtarog Nivaran Sanstha (KRNS), Shantivan, Panvel between 25<sup>th</sup> and 27<sup>th</sup> December, 2022. 10 cadets were selected to bicycle their way from Ghatkopar to Shantivan, Panvel, accompanied by 04 Ex- NCC cadets as Escorts. Another 29 cadets travelled their way by rail. Along the way, the cyclists created awareness about Climate Change, Benefits of Cycling, AIDS Awareness through display of placards. At KRNS, all the 40 cadets carried out community service like Swacchata Abhiyan, Bund formation along the river, Tree Plantation etc.

## Birdwatching at Navi Mumbai

Ms. Gauri Joshi faculty of ESDM conducted a **"Birdwatching and Mangrove Walk"** at Navi Mumbai on **26th January 2023** on the occasion of **Republic Day** as well as the 8 year anniversary of **NaturalisT Foundation**, a nature education organization. The walk took place at the wetlands located behind the T.S.Chanakya Maritime University, Seawoods Darave. **4** people from the team - (3 members and 1 intern) were involved in conducting the event. **20** participants attended the event.

**Objective :** The nature trail was conducted to highlight the importance of the wetlands to introduce the participants to bird watching and nature appreciation. They also understood how bird migration takes place and how to identify the birds based on their morphological differences.

**Observations :** Large flocks of Lesser flamingo were observed along with other bird species such as Indian Roller, Wood Sandpiper, Common Sandpiper, Osprey, Great and Cattle Egrets, Little Cormorants, White throated Kingfisher and Indian Pond Heron.

## Marine Walk at Juhu Beach

Ms. Gauri Joshi faculty of ESDM conducted a Marine Walk at **Juhu Beach** on **19th February 2023** as a part of **NaturalisT Foundation**, a nature education organization in collaboration with two NGOs **Seed Foundation** and **United Way Mumbai**. The event was specifically organized for underprivileged school students from different areas of Mumbai.

**Objective :** To introduce young children to the marine life present in the intertidal and sandy zones of Juhu Beach so that awareness is created among the young generation to conserve nature. The kids also understood how plastic pollution harms the marine ecosystems and damages the habitats of the organisms that live within it.

**Observations :** Octopus along with a rare sighting of Malacca sea snake made the highlight of the marine along with different types of snails such as Turbun snail, Arabian Cowry and Button Snail followed by Hermit crab, Porcelain crab and Pistol Shrimp. Different species of bivalves were also observed such as Sunset Shell, Green Mussel and Windowpane Oyster.

## REPORT

Holi is a festival of colours a festival which brings unity in diversity. It also teaches human values of being good to one and all, victory of good over evil. Our country is a colourful country depicting unity in diversity. The synthetic colours used in Holi bring allergy, harm the soft skin, harmful to the eyes and the waste water after taking bath is contaminated which pollutes the ground water. Nature has given us many colours and if these colours are used then the festival can be a safe and eco-friendly Holi. A Eco-Friendly Holi Colour Making Workshop was conducted by PAVO Nature club and Department of Botany on 5<sup>th</sup> March 2023 at 10 am in the first lab. The volunteers from Prayavaran Dakshata Mandal taught the students how to make Holi colours from fruits vegetable peels, seed, discarded flowers, leaves etc. There are some wild trees which bloom only during Holi one such tree is 'Palas' of Flame of the forest botanically known as *Bute monosperma* which yields a beautiful orange dye when steeped in luke warm water. They taught to make dry Holi colours as well as liquid colours. 46 students across faculty actively participated in the workshop.

## Earth Day at Maharashtra Nature Park

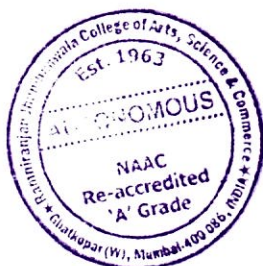

A nature trail and birdwatching event for **Maharashtra Nature Park, Sion** on the occasion of **Earth Day** was conducted by Ms. Gauri Joshi. Earth Day lies on **22nd April** and is dedicated to creating awareness about the environmental issues that are plaguing our planet. The date is even more special because Maharashtra Nature Park was opened to the public on the same date in the year 1994 after years of land restoration work where the site was converted from a garbage dumping area to a thriving urban forest. A total of **13** participants attended the event.

**Objective:** During the nature trail, participants were introduced to the concept of bird watching and bird identification. It was exciting to witness that even the Mithi river can attract several wading bird species despite the impact of pollution on it. The park also hosts a butterfly garden where the participants got the opportunity to understand the life cycle of butterflies and the specificity they can have towards certain plant species as host plant and nectaring plant.

### Observations :

Some of the waders include Common and Wood Sandpiper, Black Winged stilt, Cattle Egret and Brown headed gulls. The woodland area of the park gave us glimpses of sunbirds, Tailor bird, Coppersmith Barbet, Red Whiskered bulbul, etc. Many more species have been reported in the region during the winter when migratory species call the forest their temporary abode.

Common Crow, Emigrant, Blue Tiger, Common Awl, Tailed Jay, etc. were some of the butterflies that were predominantly observed.

## City Nature Challenge - Deer Park

A nature walk at **Deer Park, Powai** was conducted by Ms. Gauri Joshi, faculty member of ESDm for the **City Nature Challenge 2023** on **30th April 2023** along with my fellow colleagues Umesh Avadootha and Kasim Ansari from **NaturalisT Foundation**. The event was a collaboration where **The Naturalist School, WWF India, NaturalisT Foundation** and **BNHS** came together to host City Nature Challenge 2023 in the **Mumbai Metropolitan Region**. In this challenge, several cities all over the world participate to document urban wildlife and compete on which city shows the most diversity. The park sits alongside Powai lake and hosts plenty of green cover with several species of native and exotic tree species forming a woodland while the adjacent lake provides a wetland for wading birds. Total **6** participants were present for the Deer Park event.

**Objective :** Participants had to visit different spots in and around the city and document the wild flora and fauna that was observed on the iNaturalist app.

### Observations :

Oriental magpie robin, Tailor bird, Coppersmith barbet, Red wattled lapwing, Black kite, Ashy prinia and sunbirds were seen. Brahminy skink was also observed along with Oriental garden lizard. The wooded parts of the garden buzzed with the sound of cicadas while dragonflies, damselflies and butterflies like Wanderer, Plain tiger, Tawny Coster and Dark Cerulean were observed in the vegetation closer to the lake. Several tree species such as *Bombax ceiba*, *Holoptelea integrifolia*, *Ficus religiosa*, *Ficus hispida*, *Ficus racemosa*, *Melaleuca cajuputi*, *Delonix regia*, *Albizia saman*, etc. were recorded.

## Birdwatching and Mangrove Walk at Navi Mumbai

I conducted a **"Birdwatching and Mangrove Walk"** at Navi Mumbai on **13th May 2023** on the occasion of **World Migratory Bird Day** as a part of **Naturalist Foundation**, a nature education organisation in collaboration with **United Way Mumbai**, an NGO. The walk took place at the wetlands located behind the T.S.Chanakya Maritime University, Seawoods Darave. **11** people from the team - (7 members and 4 interns) were involved in conducting the event. **34** participants attended the event which were divided into 2 groups.

**Objective :** The nature trail was conducted to highlight the importance of Bird Migration as well as the role of mangroves in a wetland ecosystem and the ecosystem services provided by mangroves. The participants were also introduced to the citizen science platforms **'Ebird'** and **'iNaturalist'** which can be used to document the flora and fauna observed on the field.
