ABOUT US

Hindi Vidya Prachar Samiti was incepted on the auspicious day of Shri Krishna Janmashtami, 15th August 1938. A brain child of a visionary Late Shri Nandkishore Singh Jairamji, samiti was established with the objectives of catering to the educational needs of the Hindi speaking community. Ramniranjan Jhunjhunwala College came into existence in 1963, enabling a larger section of the society to take advantage of the facilities provided for higher education.

From 1999-2000 the College has added a number of self-financing courses like B.M.S., B.B.I., B.Sc. in Computer Science, Information Technology, Biotechnology, M.Sc. in Computer Science, Biotechnology and Information Technology as well as add on courses, which further hone the special skills of the students.

The college has been reaccredited with 'A' Grade by NAAC in 2014 with a CGPA 3.50 and received the Best College Award (2007-2008) of the University of Mumbai. The College has been bestowed with IMC "Ramkrishna Bajaj Performance Excellence Trophy", 2010.

The Principal of the college was awarded "Best Teacher" by Government of Maharashtra in 2011.

Government of Maharashtra conferred the college with "JAAGAR JAANIVANCHA" (First in Mumbai Suburban- in 2013 and Second in Mumbai Suburban- in 2014) for safety of girls.

Course Code: **RJBBIC06**

Duration: **40** hours

Credits : **02**

OVERVIEW

The rise in the number of applicants for government jobs and PSU jobs made the old system increasingly redundant. A need to hire people with proper skills was also felt to cause functioning of governments and public-sector units. Hence, the government and public sector hiring process introduced competitive exams. Competitive exams enable job-seekers with sufficient knowledge and skills to get suitable posts in the government and private sector. These competitive exams also develop skills employers generally look for, which are used throughout your life. Competitive exams in India can roughly be divided into four modules. There are various categories under these modules. These categories depend upon the employer and nature of the job.

- *Physical Fitness: Administered through medical checks at authorised hospitals and clinics.*
- *Mental Aptitude: Consists of psychometric tests to gauge intelligence, problem-solving skills and personality tests.*
- *Skills Test: Done in the form of written exams for general knowledge and skills in languages, mathematics, general knowledge and science.*

COURSE OBJECTIVE

Quantitative Aptitude is nothing but numerical ability and problem solving skills of candidates. This forms the major part of a number of important entrance exams for different fields. It basically judges ones analytical and problem solving skills. Critical analysis of problems reveal that they are designed to correlate multiple topics and the tests whether a candidate is able to identify those link points and come out with an out-of-box unique solution.

COURSE OUTCOME

1. Enhancing analytical skills
2. Establishing employability
3. Inculcating the right knowledge towards problem solving techniques

COURSE OUTCOME

Sr. No.	Units	No. of lectures
Unit 1	Introduction to Numbers	4
Unit 2	Quantifying tools	5
