NOTICE

DEGREE COLLEGE

The department of Chemistry is organising a value-added course which will include workshops on Good Laboratory Practices (GLP) and Safety Aspects from 26th July, 2018 onwards. The workshop comprising of the topics from Good Laboratory Practices (GLP) and Safety Aspects will be conducted from 26th July 2018 to 1st August 2018. All students who fulfil the attendance requirement and complete the assignments in the workshop will be given a certificate of two credits.

CERTIFICATE COURSE IN GREEN CHEMISTRY AND GOOD LABORATORY PRACTICES

ABOUT US

Hindi Vidya Prachar Samiti was incepted on the auspicious day of Shri Krishna Janmashtami, 15th August 1938. A brain child of a visionary Late Shri Nandkishore Singh Jairamji, samiti was established with the objectives of catering to the educational needs of the Hindi speaking community. Ramniranjan Jhunjhunwala College came into existence in 1963, enabling a larger section of the society to take advantage of the facilities provided for higher education.

From 1999-2000 the College has added a number of self-financing courses like B.M.S., B.B.L., B.Sc. in Computer Science, Information Technology, Biotechnology, M.Sc. in Computer Science, Biotechnology and Information Technology as well as add on courses, which further hone the special skills of the students.

The college has been reaccruited with 'A' Grade by NAAC in 2014 with a CGPA 3.50 and received the Best College Award (2007-2008) of the University of Mumbai. The College has been bestowed with IMC "Ramkrishna Bajaj Performance Excellence Trophy", 2010.

The Principal of the college was awarded "Best Teacher" by Government of Maharashtra in 2011.

Government of Maharashtra conferred the college with "JAAGAR JAANIVANCHA" (First in Mumbai Suburban- in 2013 and Second in Mumbai Suburban- in 2014) for safety of girls.

Course Code: **RJCHEC**

Duration: **30** hours

Credits: **02**

LEARNING OUTCOME

At the end of this course student will be able to

- General organization of a Chemistry laboratory
- Safety rules and regulations to be followed
- Eco-friendly techniques to be adopted
- Uses of Green Chemistry and its applications

CERTIFICATE COURSE IN **GREEN CHEMISTRY AND GOOD LABORATORY PRACTICES**

COURSE CONTENT

Unit 1

Twelve principles of green chemistry, Prevention of waste, atom efficiency, less hazardous chemical synthesis, usage of less hazardous solvents and other chemicals, design for energy efficiency, reducing derivatives, usage of catalyst, prevention of pollution and accidents, goals of green chemistry, innovative choice of materials, reduce environmental impact, use of renewable resources for reactions, follow processes less prone to fire and explosion and to develop less toxic products

Unit 2

Introduction to Chemistry Laboratory, Basics of Chemical Analysis-Scientific methods in analysis, Relevant Hypothesis, Experimentation, Verification of results and their documentation. General instructions- Discipline, Punctuality, Do and Don'ts followed by students inside laboratory, Personal and laboratory cleanliness. Introduction to Principles of Green Chemistry- Recycle and Conservation of energy. Implementation of green techniques in every day laboratory activities and Waste management.

Unit 3

General rules on Personal safety, Glass ware handling and Chemical handling. Methods involved in the safe storage, handling and disposal of sodium metal. Rules governing the safe use of electrical instruments and heating devices. Handling of electronic balance and centrifuging machine, SOP norms, Assessment and periodic maintenance of laboratory safety equipments - fire extinguishers, eye wash and safety showers. Regular monitoring of safety materials available in the laboratory.

Unit 4

Common accidents in chemistry laboratory, Precautions while working, First-Aid techniques. Treatment procedures for cuts and bruises, burns, acid and alkali spills on body, eye injuries, electric shocks. Safe pipetting technique-using bulb, Familiarising with the location and Use of Safety Equipments in the lab, Personal Protective Equipments-Lab coat, gloves, safety goggles & safety shoes. List of Laboratory Safety symbols and Hazard signs.

REPORT

The department of Chemistry organised a value-added course entitled Good Laboratory Practices (GLP) and Safety Aspects for the students of FYBSc. This course is specially designed for the new entrants to degree college after completion of their HSC. Students were oriented with the general organisation of a chemistry laboratory and the role of different personnel in the management of the chemistry laboratory. Students were trained to follow the rules laid out while working in the chemistry laboratory. This orientation helped the students for the next three years as well as their transition from college to industry. They were taught the safety rule and precautions to be strictly followed. They were taught how to report and deal with accidents if any. As a general rule, they were informed that their safety training should ensure no accidents in workplace. Students were taught to identify the symbols and their meanings, an awareness was created regarding eco-friendly techniques to be adopted in the chemistry labs while practicing green chemistry. Students attended a workshop from 26th July 2018 to 1st August 2018 which was evaluated continuously. Even though 350 students enrolled for the course 318 students successfully completed the course and were given certificates.
