WHY NUSSD?

The employability of India's university graduates continues to remain weak even while there is an acute shortage of skilled manpower in an increasing number of high demand sectors. The youth is thus disillusioned about job opportunities post their studies. Unfortunately, though they have educational degrees, they lack skills and the experience to get employed.

Overall, NUSSD is aimed at:

- Helping students gain sustainable and relevant employable skills along with their degree to find work after graduation
- Capacity building of the Youth to be responsible citizens
- Positioning the Youth as Agents of Social and Economic Transformation

Courses Offered

NUSSD courses have an integrated framework that pedagogically links academic course content, skill training and application as a unique educational experience. They have been designed in a modular, interlinked and iterative manner; cumulatively building knowledge, skills, and competencies; administered through classes and field work.

Placement Support

The NUSSD programme supports students by conducting Pool campus and Off campus placements to place atleast 70 percent of its students in meaningful jobs. By engaging the college and students' core committee in the placement process, TISS also supports and strengthens the existing placement cells in the colleges and universities where the programme is being conducted.

In recognition of the efforts and impact, the United Nations (UN) Major Group for Children and Youth recognised the 'NUSSD' as a "Skill Development Best Practice" in the country.

Teaching, Learning Awareness

Date : 28/04/2020 to 02/05/2020

Time: 1.00 pm

Nos. of students attended: 77

A session on virtual education also known as online learning, e learning delivered through the internet. It has become increasingly popular in recent times and for the future also due to COVID-19. Due to this many colleges, schools, universities had to cope with online mode of learning. To create this awareness the NUSSD team had organized a session on the future requirement of learning through online mode i.e google classroom, zoom, google meet. The session mainly focused on recording lectures, delivering lectures, creating content etc. the second agenda of this session was to create awareness among students to accept this mode of learning to minimize the learning gap among students and teachers.
