## WHY NUSSD?

The employability of India's university graduates continues to remain weak even while there is an acute shortage of skilled manpower in an increasing number of high demand sectors. The youth is thus disillusioned about job opportunities post their studies. Unfortunately, though they have educational degrees, they lack skills and the experience to get employed.

### Overall, NUSSD is aimed at:

- Helping students gain sustainable and relevant employable skills along with their degree to find work after graduation
- Capacity building of the Youth to be responsible citizens
- Positioning the Youth as Agents of Social and Economic Transformation

### Courses Offered

NUSSD courses have an integrated framework that pedagogically links academic course content, skill training and application as a unique educational experience. They have been designed in a modular, interlinked and iterative manner; cumulatively building knowledge, skills, and competencies; administered through classes and field work.
