Report of the Structured Feedback on Curriculum

Academic Year 2021-22

Feedback on entire Curriculum of T.Y.B.Sc. Chemistry program was obtained from four stake holders: students of final year Chemistry, alumni, Peer Teachers from other colleges and Industry Persons. It was obtained in online mode through Google forms. It was intended to obtain from all stake holders the feedback about the relevance of syllabus as to needs of Industry, needs of Society, orientation of syllabus towards skill enhancement and to check whether syllabus is updated in respect of domain knowledge. Similarly, their suggestions were sought about syllabus and Skill Enhancement / Add-On courses. The analysis was put in first meeting of the board of studies of chemistry thoroughly discussed and added. Modules of add-on courses and value-added courses (VAC) were designed and developed as per suggestions of the stake holders.

Would you like to suggest any add-on course or skill enhancement course? If yes, please specify. 9 responses

1. Give the market demand
2. College can add skill enhancement course related to instrumentation that are used in industry like HPLC, TLC and FTIR etc. Syllabus should contain industrial chemistry as a subject that will provide student information that will be used in industry.
3. Yes. Coursera course
4. Practical based knowledge must be enhanced and reduce that portion from the syllabus which is not very much required for the job in industry.
5. Industry trips should be included
6. More practical knowledge so student are job oriented
7. Admissions of MS.c should be on basis of overall result of TYBS.c not only by a single last semester
8. No

9. add Communication skill enhancement course. Because it is important in interview and daily Life

Course related with instrumentations and spectroscopy and also on formulations of new drugs.

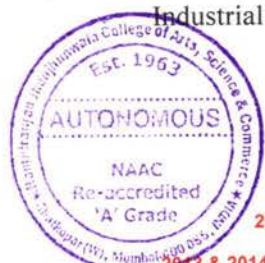

General drug chemistry course can be added in more, details looking to the ongoing pandemic.

Very good

specialised courses should be included such as chromatographic technique and nanotechnology to name a few.

Something related to Various operational procedures can be included. Quality management system may be included.

Industrial training
