Important Suggestions

Sr no.	Important Suggestions
1	Curriculum is needed in all fields
2	Practical approach towards the curriculum. Like rather than just studying stuff theoretically if we can actually have a medium and approach to those places to understand the concept a little well. That'd be great and so helpful.
3	Practical implications is required a bit more , theoretical knowledge is very good
4	We needed practical knowledge and we should also have practical practice as a possible
5	It's useful, we can enhance our knowledge through this curriculum. It will really help us to stand in the market
6	It should include more practical aspect
7	I think we need to increase the most used of technological Things which is profitable to us and our university
8	Try To Bring More Practical Aspects Rather Than Old Theoretical
