Report:

This lecture was conducted by Dr. Amita Valmiki.

Remedial Test was conducted. From the score two weak learners were identified. But the question remained, are these weak learners? Sometimes students take it leniently and therefore it is more casual that they appear for test. (As such nobody scored below 5 marks.) From the conversation with students, they all were quite alert and ready for offline studies and exams.

Weak learners are marked in yellow. Kindly take note of it. Remedial measures will be taken for the weak learners, we will give extra time after lectures to solve their difficulties and will instruct them how to study.

Dr. Rina Pitale Puradkar spoke on Career in Philosophy, how to tune our mental processes with practical aspect of life and bring about integrity in our overall personality. She also spoke of how Philosophy had a positive impact on her life.

One lecture was introduction to all the papers in Philosophy and how Formal Logic can be an enjoyable paper, the bridge course was introduced, where students got connected to FY syllabus Moral Philosophy
