Affiliated to UNIVERSITY OF MUMBAI II NAAC Re-Accredited 'A' Grade (CGPA: 3.50)

Department of Computer Science

Mentor - Mentee Report

Academic Year 2019-2020

"COOKIE GROUP"

The department of Computer Science has fondly named its mentor -mentee scheme as "COOKIE GROUP" it represents unity in diversity, beauty, division of work, attitude, attributes, utility to the society (important seed crop and source of edible oil).

The teachers in the department are committed to ensure well being of the students. The groups are made in terms of batches in each class first year, second and third year.

The report speaks about the aims and objectives of the mentor mentee group. Analysis of the sessions challenges faced and resolved. Major outcomes of the sessions

Aims and Objectives of the Mentor Mentee Programme

1. At every level there should be a comfort level created for students for free flow of information a two-way communication.
2. Provide good orientation to the mentees about the academic program, institution and opportunities.
3. Mentees to meet on assigned dates, parents meeting for third year.
4. Extra sessions with mentees as and when required.

Analysis of Discussion held with the mentees by teacher mentors

1. Student at the first year level required sessions to explain them the difference from XIIth std to Degree college and how attending lectures and practicals are essential and enjoyable.
2. The parents had to be taken into confidence with reference to attendance in field work which is mandatory requirement and they need to give the necessary permission to their wards for attending the excursion.
3. Students health was a concern all mentors felt that absenteeism due to health and family issues. Counselling, lectures on healthy diet has been organised to atleast resolve these issue to some extent.
4. Another issue raised by mentors is students going to villages not returning in time.
5. Locating and solving attendance issues if any.
