## REPORT

Name of the event: Colors

Date:

Phase 1: 6<sup>th</sup> November, 2022

Phase 2: 1<sup>st</sup> December, 2022 to 10<sup>th</sup> December, 2022

Venue: Ramniranjan Jhunjhunwala College

Colors is a mega flagship project which was organised by community service directors which aims to provide platform to students of class 1<sup>st</sup> to class 10<sup>th</sup>. The project was planned two months prior and the PR was immediately started. The event was announced in a meeting and all the members were allotted schools nearby their location all over Mumbai to pitch students to participate in competition. The event was planned for two phases, phase 1 was an healthy competition where we conducted competition in various categories such as handwriting, painting, drawing and sketching on 6<sup>th</sup> November, 2022, phase 2 was conducted in the neighbourhood of the members from 1<sup>st</sup> December to 10<sup>th</sup> December. The teams for colors was released one week prior as a strong organising and managing team was required to manage such a huge project. The team involved creatives, logistics, venue management, security, engagement, registration and hospitality. On day the members were asked to report at 7:00 a.m. then the members started arranging requirements of their respective teams, after halfan hour a meeting was conducted where all the members were given necessary guidance and instructions by the president and alumini. The participation of students were large in number making it a grand total of 865 students.

The second phase started from 1<sup>st</sup> December and ended on 10<sup>th</sup> December where the members were asked to PR the event in their neighbourhood and ask the kids to draw, paint sketch or do handwriting and submit it. It was then convenient for students who couldn't managed to come in the event. Phase 2 was also successfully conducted and the participation was good in numbers i.e. 768.

During COVID our event was still in function as it wasn't possible for us to keep it offline we kept it online. This year we kept Colors on ground.

Our Motive was to reach maximum amount of students for encouraging their talents.

This event had a great Impact on school children as they got a platform to showcase their talents.

It was a fine art competition in which various schools and children took part and made use of their creativity and their talents through various competitions.

The motive was to let the school going students explore the colourful world competing in same age group and be a part of our legacy project.
