Project Level Club

•The main focus of this Project is to continue the legacy of the project under this pandemic as well to celebrate the International Youth day. It also aims at increasing Awareness to save fuel and encourage public vehicles usage and bicycle usages. The Project also focused on Spreading the idea of using bicycle instead of fuel consuming vehicles, especially under the age group of 15-30. Zoom meeting was conducted to discuss the plan about, how to execute the project. Social media creatives were finalized and posted. A WhatsApp group was created to spread the idea about the project. The process of the project was also explained to the participants. Cycling- Bike Tracker application was finalized to note the Distance covered by the rider (participants). The App link was Shared in the group and asked the Participants to download the same. Hashtags were finalized, so that every one can tag and post on their social media handles. A script was made ready and 21 Participants were given their respective lines so that a compiled video can be made and posted, which can spread the awareness of saving fuel. All the Participants were given the instructions on how they should use the application.

Following were the instruction-

They had to go out within their vicinity with their one or two friends and ride the cycle with a Small note attached on the handle saying, - Save fuel. They were meant to take Shot of the Screen as a proof that they rode 1 or more kilometre in their vicinity. They were asked to put facts and awareness post on their social media handles and tag the club with following hashtags saying- Save fuel, Reduce pollution Etc. Send the Screenshot for the Same to the RSVP. As It was required to maintain Social distancing and avoid crowding, many of the participants themselves took the screenshot and send that to RSVP. The Project was conducted for 9 days. It gave enough time For the participants to ride the cycle in the vicinity. Team Public Relation Managed to create a script wherein all the facts and figures and awareness about the increasing pollution and steps towards the reduction were pen down. Participants sent their respective video and the then PR team Created a video by compiling all the
