• In this lockdown situation people are very tensed they don't have anything much to do so keeping this in mind we thought to bring a fun online game that is snack art, so that they get an opportunity to interact with other people and also enjoy the game. This project was open for all non- rotaractors and rotaractors as well so they can interact, prepare and share their art. We discuss the plan and told to our vice president and then he gave us the approval then we created PR msg and we released our PR message and jpeg on our social media handle. and with that we shared the group link. Everyone joined the group and started chit chatting and got comfortable with each other. Details about the project was shared with rules and regulations. The event started at 6.00 pm every one was very interested to send their post, and there were no registration fees and all the participants cooked and prepared individually. Their were total 30 participants as rotaractor and non- rotaractor in the game and they willingly and zealously shared their art in the group with everyone without any hesitation. This is what we really need that people Enjoy each and every Game even with strangers. From first round 10 participant moved to the second round and form that we got the winners and we rewarded.
