REPORT

Project Name Vaccine Awareness Seminar

Venue Zoom Cloud Meetings

Start Time 21-08-2021 16:00:00 **End Time** 21-08-2021 17:30:00

-After being in a pandemic for almost a year, the most viable solution to put an end to this chapter of our lives was to be vaccinated but it was observed that a few people were still skeptical about getting the covid-vaccine and its effects.

-There were myths related to vaccination and hence people feared getting one.

-The main aim of the project was to eradicate vaccine hesitancy which is prevalent in the society and to spread awareness regarding various questions related to vaccines and to encourage people to get the vaccine as soon as possible and when available to them.

-This project also aimed to dismiss the myths related to this issue and for people to know the facts.

-To conduct the webinar, the Community Service Director of our club contacted Dr. Avadhut Mohite sir to educate people more about the covid vaccination process and dismiss the myths related to it. Dr. Avadhut Mohite is an esteemed general physician with more than 14 years of medical experience.

-He is known to hold vaccine literacy sessions to encourage people to get vaccinated as soon as it is available to them. He is also an esteemed member of the Rotary Club of Ambarnath.

-Our aim was to spread this knowledge to as many people as possible so it would lead to more awareness around the society and for this we collaborated with 6 other Rotaract clubs as well.

-Summary: The webinar was a series of different topics that were addressed that we would generally be confused or misinformed about but wouldn't be able to cross verify with medical professionals.

-It covered the following points starting with different types of vaccines; Side effects of vaccines; Efficacy of the vaccines; Process of trial of vaccines; Discussion of myths and facts etc

-It can be said that the 81 people who attended this seminar are now well known about the covid vaccination process.

-All this while, most of us, read and watched several videos related to covid vaccination on the internet, but a direct communication with the expert doctor was arranged through this webinar.

-People asked their queries related to vaccination and got answers then and there without anymore browsing and doubting.

-We believe that the people who attended this webinar would have taken with them, a few more facts and information related to covid-19 vaccination and will help in spreading the word among their family and friends.

What we had aimed to achieve by organising this seminar was achieved as after attending the seminar the message of awareness will spread among the masses.

The participants asked questions to the certified doctor instead of searching from an unreliable online source and clarified their doubts pertaining to the vaccine. Through the feedback from circulated after the webinar, we found out that people liked the session and said it to be informative and they would like us to conduct more such seminars in the future as well.
