REPORT

Name of the event: Morya re

Date: 17th August 2022

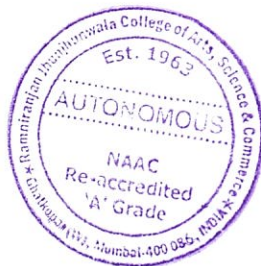

Venue: Ramniranjan Jhunjunwala College

Morya re is a event by PR and Marketing avenue which aims to promote eco friendly idols so as to prevent water pollution which is caused by idols made by plaster of paris which takes years to decompose and results to water pollution. The idea was brought up by PR and Marketing directors and the planning and preparations of the event started 3 weeks prior the event.

The directors went for enquiry about price and quality of eco friendly idols in nearby markets and afterwards at Pen, Raigad. After final approval of the plan jpeg was created, PR Message and google form was created which contained photo of idol, size, price and contact detail for further communication. After the suggestion of home delivery of idols we enquired transport service and selected the best one. We went in each classroom and staffrooms of the college and staffrooms of the college to explain the project. Each and every member promoted the event by posting and sharing in social media platforms.

People started enquiring about the price and variety of idol and our team was attending them continuously and start receiving orders. One week before Ganesh Chaturthi we stopped taking the orders and went to Raigad to recheck the status of idols (painting, finishing, artwork and quality). We collected the idols and then stored them in rotaract room and delivered them 1 or 2 days prior Ganesh Chaturthi.

The event was impactful as it promoted eco friendly idols and the customers were extremely delighted with the services.
