Report

The vision of our President Rtr Nawaz Shaikh is to change someone's life through Rotaraction. In order to achieve this, we have initiated a project called Dream. The ultimate aim was to enhance the lives of people living in Saphale. Dream 2022-23 focuses on fulfilling the educational needs of children by providing them with stationery and other basic requirements. Many of these children come from financially disadvantaged families, and stationery is not easily accessible in Saphale. By distributing stationery, students aimed to support their education and provide them with the necessary tools for academic success. Additionally, students conducted medical checkups in Saphale, as the local residents lack access to basic medical facilities. This initiative helped identify any health issues and provided necessary guidance on disease prevention and healthcare measures. The comprehensive medical checkups benefited individuals of all age groups, providing them with essential information about their own bodies and improving their access to healthcare services. Moreover, students implemented a water storage facility to ensure access to clean drinking water. This has had a significant impact on the overall health of the community, reducing the incidence of water-borne diseases. The installation of water tanks has also alleviated the burden on women and children, who no longer have to spend significant time and effort collecting water. This, in turn, promotes economic development by allowing them to engage in more productive activities.

Through our efforts in Dream 2022-23, students have positively impacted the lives of the people in Saphale. By providing stationery, we have facilitated better education opportunities for children and reduced the financial burden on their parents. The medical checkups have enhanced access to healthcare services and raised awareness about health issues. The provision of clean drinking water has significantly improved the overall health outcomes and reduced the burden on women and children. Together, these initiatives have brought positive change and progress to the community of Saphale.
