22 February 2023

To  
NAAC Committee.

This letter is to state that the Physics faculty and Physics students of Ramniranjan Jhunjhunwala College have been collaborating with our group at TIFR and I am Prof. S. S. Prabhu from DCMPS department of TIFR. I am a THz-Spectroscopy scientist working in Condensed Matter Physics.

Prof. Kiran Kolwankar has been my collaborator . He collaborates with other departments of TIFR also. Prof. Kolwankar sent one of his students, Ms Manali Jagadale for a 6 months project (4th Semester) in our laboratory in 2021-2022 period.

Ms Manali completed the project successfully. It has been a great collaboration and Manali is now working in our group for her PhD.

Prior to Manali, Ms Bhagyashree Pol (now JRF at BARC) and Ms Upasana Gupta (now JRF at DNAP group, TIFR) worked with me on Metamaterial designs and simulation. This project was done in 2019-2020, before the start of the pandemic.

Please do not hesitate to contact me if you have any questions or require additional information.

(Shriganesh Prabhu)
