Date: 25th December, 2022.

To,
The Director,
Ramniranjan Jhunjhunwala College,
Ghatkopar (w),
Mumbai.

Paryavaran Dakshata Mandal is an environmental organization working in the field of environment education, research and awareness for the last more than twenty years. Every year we celebrate World Wetlands Day on 2nd February under the aegis of Clean Creek Movement in one of the educational institutes. This year, we are happy to collaborate the event with you.

We are very grateful to have collaboration with you for the 16th national conference on Wetlands under the theme 'Wetland action for People and Nature'. The college students and Professors also showed active participation in the conference and for collection and analysis of Thane Creek water and soil samples. The college team supported us a lot with their technical expertise.

We value and appreciate your efforts and hence, thank you for your active support, participation and hospitality and we are very grateful to have you as our collaborating partner. We hope this association goes long way for various activities in future.

Thank you once again.

Yours Faithfully,

Dr. Prasad Karnik

Vice President,

Paryavaran Dakshata Mandal.

Subthemes:

- Wetland services: Enhancement strategies.
- Wetlands: Threats and Opportunities.
- Wetlands: Biodiversity conservation.
- Coastal Development and Regulation

The Conference aims at spreading awareness among researchers, academicians, students and other stakeholders in the society regarding the pressing issues of degradation of wetlands & biodiversity. Paryavaran Dakshata Mandal initiated a 'Clean Creek Movement' in the year 2005 with a special focus on Thane Creek and celebration of the World Wetlands Day has been an integral part of it.

Participatory Activities:

• Oral presentation (Research Paper/ Review Article).
Time 8 minutes for presentation + 2 minutes for Q-A.

• Poster Presentation: JPEG format (Up to 250 KB), Title, Authors with Affiliation (institute and address) & other matter with conclusion as specified below.

Instructions to Authors:

• Research Paper/ Research Review Article (Group A)

Font style: Times New Roman, Font Size: Title and Sub-Title (12 Bold), Text Matter 12. Paper review article should include-abstract (max 200 words), Introduction, Materials and Methods, Results and Discussion, (with Tables and Figure with suitable titles on separate pages) and References (in APA or The Council of Science Editor format). Those papers that are submitted in time and rectified as per the suggestions of the editorial board will be published in **E-proceedings with ISBN**. (Note: APA format or The Council of Science Editor Format can be referred from internet)

• Short film/documentary: Not more than 5min and self-made in MP4 format.

• Essays on the subthemes (for Secondary and Higher Secondary School Students): Word limit 700-1000 words in Hindi, Marathi or English, submitted in PDF format

Submission Dates: Full length papers/ reviews (for oral and poster presentation), short films and essays should be submitted on or before 25th Jan, 2022 to paryavaran.wd@rjcollege.edu.in

The best Essay, Research paper / Review article, Poster, Oral presentation, and Video film in both groups will receive award.

The conference will involve participation at two levels as follows.

Group A

This will include the researcher scholars and Teachers from any faculty stream that will contribute research review article and or participate as delegates.

Group B

This will include the UG/ PG students, who will participate in oral poster presentations and or participate as delegates.

The research papers/reviews will be published in e-proceedings with ISBN number. A paper will be included in the proceedings ONLY AFTER corrections suggested by editors are made.

Registration fees	
School/UG/PG Student	Rs. 100

Organizers

Mangrove Cell and Mangrove Foundation: The Mangrove Cell was constituted by the Government of Maharashtra in the year 2012 in the wake of serious public concerns about mangrove loss in the state, particularly in Mumbai and surrounding areas. The work of Mangrove Cell was strengthened by the establishment of the "Mangrove and Marine Biodiversity Conservation Foundation of Maharashtra" (Mangrove Foundation) in the year 2015 for the protection and conservation of the biodiversity in coastal areas of the state and to promote sustainable livelihood activities which involve coastal communities. The work of Mangrove Cell and Mangrove Foundation involves activities of Mangrove restoration, sustainable livelihood practices for conservation of mangroves involving local communities, denarcation of mangrove areas, awareness programmes, various research projects regarding coastal and marine biodiversity and many more. At present, livelihood activities like mud crab farming, oyster farming, mussel farming, ornamental fish rearing, fish cage culture, ecotourism etc. are executed by the Mangrove Foundation under the Mangrove Conservation and Livelihood Generation Scheme of the Maharashtra Government. The tangible benefits derived by local communities from several livelihoods and marine conservation programmes will sow the seeds of community-led conservation of the mangrove and marine ecosystems.

Paryavaran Dakshata Mandal (PDM): It is an Environmental NGO working in the field of Environmental Awareness, Education and Research since 22 years in Thane and nearby area. This organization was formed to educate and create environmental awareness amongst the masses. We house various projects like Ankur Theme Park, Green Career Courses, Green Shoppe, Monthly magazine 'Apala Paryavaran'. Paryavaran Shala is one of the projects where we work with schools to educate children about the importance of a healthy environment, draw their attention towards various environmental concerns to come up with their solutions.

Association of Teachers in Biological Sciences (ATBS): Founded in 2006 with the main objective of up gradation of learning and teaching in Biological Sciences, it organizes seminars, conferences, workshops, conventions, competitions etc. for this. In the current pandemic situation, it has organized series of talks and an orientation program for competitive examinations in life sciences. ATBS has been collaborating with PDM for organizing annual conference on the occasion of the world wetlands day and world mangroves day.

H.V.P.S.'s Ramniranjan Jhunjunwala College of Arts, Science and Commerce College, Mumbai:

On the auspicious day of Shri Krishna Janmashtami, 15th August 1938, the people of Ghatkopar and the surrounding suburbs witnessed the birth of Hindi Vidya Prachar Samiti, a brain child of a visionary Late Shri Nandkishore Singh Jairamji. The Samiti was established with the objectives of catering to the educational needs of the Hindi speaking community. It made a humble beginning by starting a primary school, which gradually expanded into a full-fledged secondary school. With its primary objectives achieved the Samiti decided to extend its frontiers and broaden its horizons. As a result, Ramniranjan Jhunjunwala College came into existence in 1963, enabling a larger section of the society to take advantage of the facilities provided by higher education. In 1976 the Junior College section was introduced and in 1981 the Commerce faculty commenced both at the Junior and Degree College level. From 1999-2000 the College has added a number of self-financing courses like BMS, B.B.I, B.Sc. in C.S., I.T., Biotechnology, M.Sc. in Computer Science as well as add on courses, which further hone the special skills of the students. In 2014 saw a change in education system with greater emphasis being given to employability of youth. As an effort to realize the dream of Make in India, Digital India, Clean and Green India, we have started skill based program supported by University Grants commission known as Bachelor in Vocation. The college has been reaccruited with 'A' Grade by NAAC In 2014 with a CGPA 3.50 and received the Best College Award (2007-2008) of the University of Mumbai. The College has been bestowed with IMC RAMKRISHNA BAJAJ PERFORMANCE EXCELLENCE TROPHY, 2010. The Principal of the college was awarded "Best Teacher" by Government of Maharashtra in 2011. Government of Maharashtra conferred the college with "JAAGAR JAANIVANCHA" (First in Mumbai Suburban- in 2013 and Second in Mumbai Suburban- in 2014) for safety of girls.

Enviro-Vigil - Enviro-Vigil is an environmental organization working in Thane city for the past 22 years. The organization is working for a social cause with an objective to generate awareness among the masses regarding various issues related to the environment with a mission to build a strong and self-sustained organization working for the cause of environment and to empower the youth to accept challenges of changing world in tune with the sustainable development. The most ambitious activity undertaken by Enviro-Vigil is the Common Bio-medical Waste Treatment and Disposal Facility in Thane for collection of the medical segregated waste from the hospitals, its subsequent treatment and environmentally safe disposal. Enviro-Vigil is running this facility for the past 19 years.

**16th ANNUAL NATIONAL
CONFERENCE ON
WORLD WETLAND DAY
REPORT**

PREPARED BY
PARYAVARAN DAKSHATA MANDAL

2ND FEBRUARY 2022

PRINCIPAL
RAMNIRANJAN JHUNJHUNWALA COLLEGE
OF ARTS, SCIENCE & COMMERCE (AUTONOMOUS)
Ghatkopar (W), Mumbai-400 086, Maharashtra, INDIA

As part of its Clean Creek Movement with respect to the Thane creek, Paryavaran Dakshata Mandal, a Thane based NGO has been organizing a one-day conference on the occasion of World Wetlands Day, which is celebrated on 2nd February every year for the past 15 years. The participants generally include school and college students, research scholars, college teachers and representatives of the local fishermen community. Participating students /teachers present their research on wetlands through various mediums such as research presentation, essay competition, poster competition in this conference. Through this, aspiring researchers get to know the right direction and there is also exchange of ideas. This year, on 2nd February 2022, the 16th one-day conference was organized in a virtual manner by Paryavaran Dakshata Mandal in collaboration with Association of Teachers in Biological Sciences (ATBS) and Hindi Vidya Prachar Samiti's Ramniranjan Jhunjhunwala College, Ghatkopar, Mumbai. This conference was funded by the Mangrove Cell of the Government of Maharashtra.

CLOTH BANNER OF 16TH WORLD WETLAND DAY CONFERENCE

This inaugural session of the conference started with Ishastavan, and a small Tulsii sapling was planted in a pot. After this, Dr. Himanshu Dawda, Principal, R. J. College delivered his speech welcoming all the dignitaries and attendees. He said that, "If we want to understand the wetland, we should have an emotional relationship with it and for that; we need to go and work in such an environment".

DR. HIMANSHU DAWDA

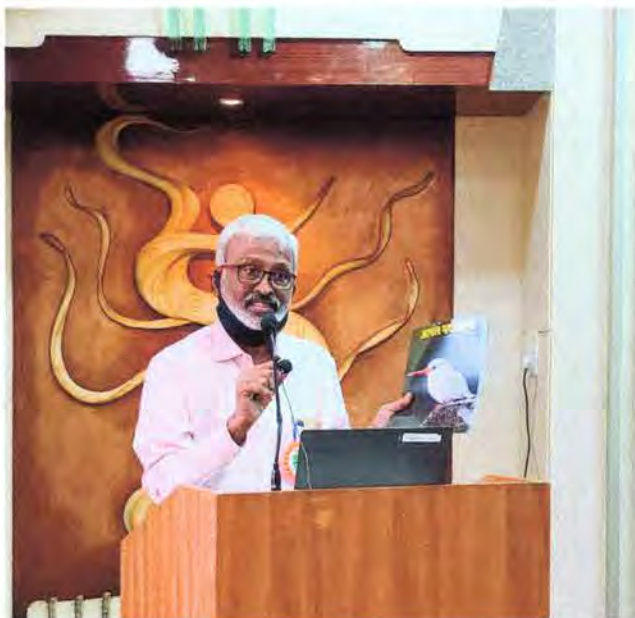

DIGNITARIES PLANTING TULSI SAPLING

The convener of this conference was Dr. Praveen Nayak. He briefed about the details and schedule of the conference to all the attendees. After this, the Wetland special issue magazine 'Apala Paryavaran' of the Enviro Vigil was published by the dignitaries. Prof. Vidyadhar Walavalkar, President Paryvaran Dakshata Mandal spoke about this magazine.

**CAPT. PRAVIN NAYAK (CONVENOR)
BRIEFING ABOUT THE SCHEDULE**

**PROF. VIDYADHAR WALAVALKAR BRIEFING
ABOUT THE APLA PARYAVARAN MAGAZINE**

KEY NOTE SPEAKER- MR. YUGAL JOSHI

Shri. Yugal Kishor Joshi, Director, Jal Shakti Mission at Jal Shakti Mantralaya, Govt. of India, New Delhi was invited to give a keynote speech during the inaugural session. In his speech, he emphasized the need for proper conservation of valuable natural resources like water. To illustrate this, he summed up the well-known story of Satyakam Jabal and Gautam Rishi who was a famous saint. Humans have plundered the totality of natural resources and that is why serious environmental problems are plaguing the entire human race today. Citing the verses in the Upanishads, if we do not avoid the excess use of natural resources, the destruction of the environment in the near future will endanger the very existence of human beings. To conserve and protect the environment, he emphasized the need for community participation in environmental conservation.

After this, the Dr. Kodarkar Memorial lecture was arranged in the memory of Late Dr. Kodarkar, who is a recognized lake researcher and scientist, is not only well known in India but also internationally. Shri. Ashish Loya was invited as guest speaker for this lecture.

PRINCIPAL
RAMNIRANJAN JHUNJHUNWALA COLLEGE
OF ARTS, SCIENCE & COMMERCE (AUTONOMOUS)
Ghatkopar (W), Mumbai-400 086, Maharashtra, INDIA

Mr. Ashish Loya, a young man living in Bijnor, Uttar Pradesh, worked tirelessly with the help of local villagers to protect and conserve the vast wetland of Haiderpur near Hastinapur Sanctuary. This wetland ecosystem, rich in biodiversity and especially bird diversity, has recently been given the status of 'Ramsar Site'. Ashish Loya has contributed a lot to this. After living in the United States for 15 years, this highly educated young man returned to India and he became an active member of Sri Sri Ravi Shankar's Art of Living. Inspired by this, he set out to protect and nurture nature. He told the success story of all his journey's in this lecture.

DR. KODARKAR MEMORIAL LECTURE
SPEAKER : MR. ASHISH LOYA

In the next part of the program, Dr. Manas Manjrekar, representative of Mangrove Cell informed the audience about the various initiatives and measures being taken by the Mangrove Cell for the conservation of Mangrove. Dr. Sasikumar Menon, representative of the Association of Teachers in Biological Sciences, informed about the various activities of the organization across the country.

DR. MANAS MANJREKAR, MANGROVE
FOUNDATION REPRESENTATIVE EXPLAINING
ABOUT THE MEASURES TAKEN BY MANGROVE
FOUNDATION

DR. SASIKUMAR MENON BRIEFING ABOUT THE
WORK OF ASSOCIATION OF TEACHERS IN
BIOLOGICAL SCIENCE (ATBS)

After this, the Vice President of Paryavaran Dakshata Mandal, Dr. Sanjay Joshi briefed the audience about the awareness program, "Swachh Khadi Abhiyan" campaign of the organization. Since 1980s, heavy industrialization flourished and bloomed in surrounding areas of Thane Creek. Over the period, this created heavy pollution load on the waters of Thane Creek which ultimately led to deterioration in its ecological value. The ecological life and the water of Thane creek was badly impacted which led to decrease in aquatic life. This impacted the fishermen community which were dependent on Creek.

PRINCIPAL
RAMNIRANJAN JHUNJHUNWALA COLLEGE
OF ARTS, SCIENCE & COMMERCE (AUTONOMOUS)
Ghatkopar (W), Mumbai-400 086, Maharashtra, INDIA

Now due to the closure of most industries along the creek, the pollution load was expected to be reduced but due to constant influx of people in the city and surrounding areas with subsequent developments of residential complexes the status of Creek remains unchanged. In such a fuss there was a need to conserve the Creek for which the "Swachh Khadi Abhiyaan" or "Clean creek Movement" was launched. For the past fifteen years Paryavaran Dakshata Mandal is running this campaign for spreading the awareness about the Creek among people. The main motto of starting this movement was to sensitise the people about the current scenario of Thane Creek and to Clean the Creek by preventing the dumping of waste material into it as well as by treating the sewage in STPs before it is let into the creek. Over the years, PDM undertook extensive surveys of the Creek, where they realized there are some spots which are rich in biodiversity. They are conducting various awareness programs to sensitize local people. In the year 2006 they took various people to Boat safari in which the people were shown how badly human activities have impacted the Creek. One such awareness program is arranging a one day seminar/ conference which involve local municipal corporations as well as college students from undergraduate and post graduate levels research students from various colleges from across the city. Dr. Sanjay Joshi ended the speech by saying "The continuous efforts of PDM team and with help of local people , various groups of leaders, students, researchers have got attached to this movement over the years and now we can truly state that this as a 'Clean Creek Movement' and it has started".

After this, Dr. Prasad Karnik, Vice President of Paryavaran Dakshata Mandal presented the

scientific overview of the campaign and why this movement is necessary in preserving the Thane Creek.

The inaugural session ended with a vote of thanks proposed by Dr. D. B. Singh, Ramniranjan Jhunjhunwala College, by presenting a thank-you note.

DR. PURUSHOTTAM KALE, DR. PRASAD KARNIK, DR. SANJAY JOSHI EXPLAINING THE SUBTHEMES

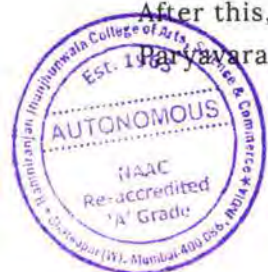

The next session started with

Dr. Purushottam Kale, Retired Head of Zoology Department of the College. While Purushottam Kale reviewed the services that the wetland ecosystem provides to human beings uninterruptedly, Dr. Prasad Karnik gave a brief overview on the threats to water body ecosystems and conservation opportunities as well as coastal regulation. Dr. Sanjay Joshi presented an overview of the wetlands biodiversity.

After this the participating students were bifurcated into their respective competitions and 3 parallel sessions were organized. One for research paper presentation, poster competition and short film making/documentary competition accordingly. In a research paper session, research students and professors presented their research. The researcher and professors represented Group A while the degree students represented Group B. There were two participants in group 'A' and a total of 25 students in group 'B'. A total of 11 researchers in group 'A' and a total of 7 students in group 'B' had participated in presenting the research paper. For this, there were competitors from various places like Dehradun, Uttar Pradesh, Chhattisgarh, Kolhapur. The presentation was examined by the director of the college, Dr. Usha Mukundan and Dr. Purushottam Kale for Group A and for Group B, Dr. Prasad Karnik and Dr. Pramod Salaskar was the judge. In the Poster competition, posters on different aspects of wetland were presented by students, research scholars. The judges for this competition were Shri. Hemant Karkhanis and Dr. Sasikumar Menon. A total 29 participants took part in this competition, out of which 2 were in group A and 27 in Group B. Examination of essay competition organized for school students was performed by Ms.Surabhi Walawalkar-Thosar and Dr. Sucheta Golwalkar. A total of 17 students had participated in this competition. Dr. Anil Avhad and Dr. Janhavi Bhagwat examined the short film competition on Wetlands. A total of 11 students had participated in this competition from various colleges, schools and by some freelancers
