Dr Bhushan Arekar spoke on Criterion VI. The criteria covers important aspects like Governance, Leadership and Management. He emphasized that institutions must undertake proactive measures to devise policies and practices in order to optimize the human resources, recruitment process, training for teaching and non teaching staff, performance appraisal and financial management. The role of leadership and its vision plays a crucial role in achieving the goals.

Professor Pooja Bharwaj discussed Criteria VII which refers to Institutional Values and Best Practices. She stated that educational institutions function as a part of the overall ecosystem of the country and hence it is imperative that they are responsive to emerging challenges and pressing issues at a national and global level. She said that according to NAAC manual for Affiliated/Constituent UG & PG Colleges this role of the institution is reflected in terms of the variety of programmes, activities and preferences (values) that it incorporates within its regular functioning. Additionally, every institution faces and resolves various kinds of internal pressures and situations while doing this. Some meaningful practices pertinent to such situations are evolved within the institution and these help smooth functioning and also lead to enhanced impact. Such practices which are evolved internally by the institution leading to improvements in any one aspect of its functioning – academic, administrative or organizational, - are recognized as “best practices”.

The session was followed by interaction with the participants. Dr Usha Mukundan clarified the doubts raised by the participants. Dr Sneha Deuskar delivered the vote of thanks.
