Report

Dr. V. Aditya Srinivas shared about the importance of Financial planning for and how it can help young people develop healthy financial habits and set themselves up for long-term success. He shared beneficial tips for financial planning for students such as:

Create a budget: Start by creating a budget that takes into account all of your income and expenses. This will help you manage your money more effectively and ensure that you are not overspending.

Set financial goals: Identify your financial goals, whether it's paying off student loans, saving for a down payment on a house, or building an emergency fund. Setting clear goals can help you stay motivated and focused on achieving your objectives.

Save regularly: Try to save a portion of your income each month, even if it's just a small amount. Over time, these savings can add up and help you reach your financial goals.

Minimize debt: If you have student loans or other debts, try to pay them down as quickly as possible. This will help you save money on interest and reduce your overall debt burden.

Be mindful of spending: Avoid unnecessary expenses and be mindful of your spending habits. Consider tracking your expenses to identify areas where you can cut back.

Invest for the future: If you have the means, consider investing your money for the long-term. This can help you build wealth and achieve your financial goals more quickly.

Report

Mr. Raja Narsaiya highlighted the different aspects of budget as mentioned in the following points:

Income: Estimate your total income for the year, including salary, wages, investment income, and any other sources of income.

Fixed expenses: Identify and plan for fixed expenses such as rent/mortgage payments, car payments, insurance premiums, and other recurring bills.

Variable expenses: Plan for variable expenses that may fluctuate from month to month, such as utilities, groceries, and entertainment.

Debt repayment: Consider the amount of debt you owe and make a plan to pay it off as quickly as possible. This could include credit card debt, student loans, or other outstanding debts.

Savings goals: Set savings goals for the year, such as building an emergency fund or saving for a down payment on a house.

Retirement planning: If applicable, consider contributing to a retirement account such as a 401(k) or IRA to help prepare for future expenses.

Charitable contributions: Plan for any charitable contributions you would like to make throughout the year.

Miscellaneous expenses: Budget for any miscellaneous expenses that may arise, such as unexpected car repairs or medical bills.

By creating a comprehensive budget and planning for these key highlights, individuals can better manage their finances and work toward achieving their financial goals for the year. Students were greatly benefited by the session.

Report

Ms. Manisha Deshmukh highlighted different aspects of interview in the following points:

Practice common interview questions: There are many common interview questions that employers often ask. Practice answering these questions with a friend or family member. This will help you feel more confident and prepared during your interview.

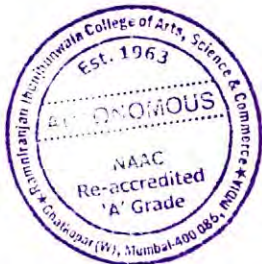

Dress appropriately: Dress professionally for your interview, even if it is a virtual interview. Choose an outfit that is conservative and comfortable.

Be punctual: Make sure to arrive on time for your interview, whether it is in person or online. If it is an online interview, make sure your technology is working properly beforehand.

Bring your resume and any other relevant documents: Bring a copy of your resume, as well as any other documents that may be relevant to the position, such as a portfolio or writing samples.

Prepare questions to ask the interviewer: Come up with a few questions to ask the interviewer about the company and the position. This shows that you are interested in the job and have done your research.

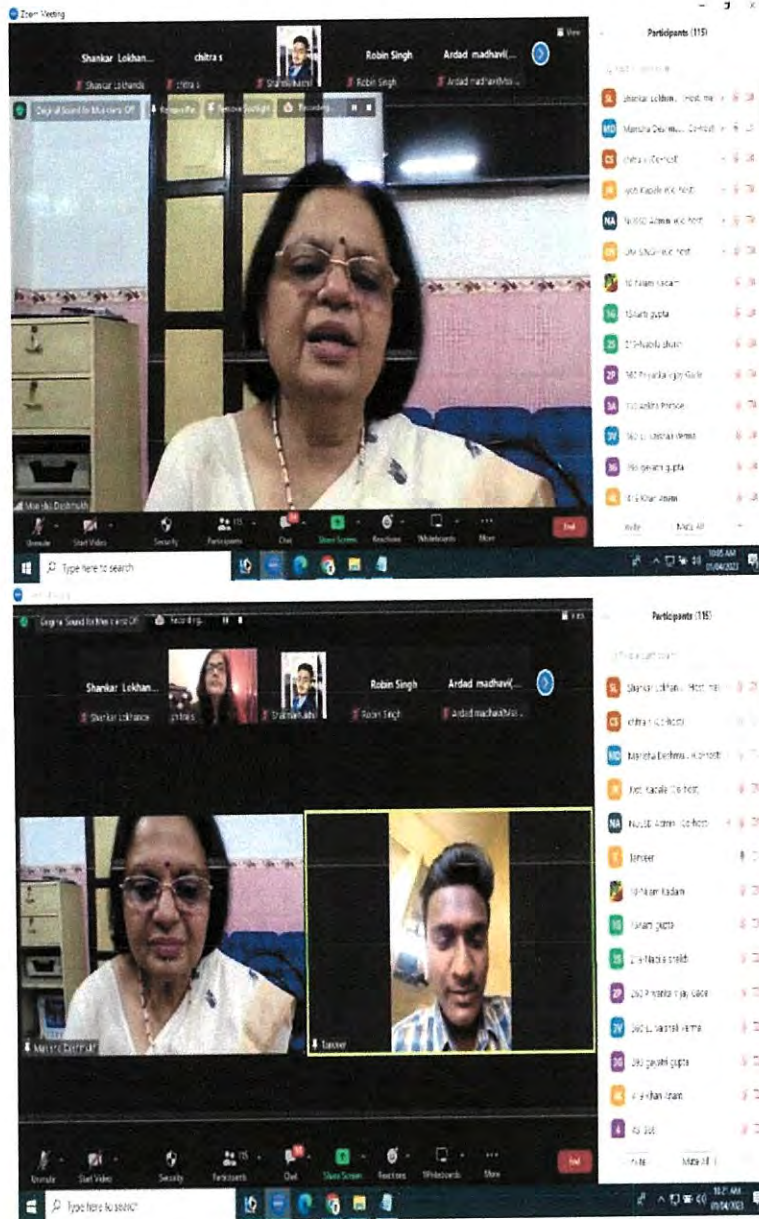

Follow up after the interview: Send a thank-you note or email to the interviewer within 24 hours of your interview. This is a good way to show your appreciation for their time and reiterate your interest.

Report

Mr. Arun Sir mentioned the following points during the session:

Customize your resume and cover letter: Customize your resume and cover letter for each job you apply for. Tailor your skills and experience to match the job description.

Use a professional format: Use a professional format for your resume and cover letter. Use a clear and easy-to-read font, and make sure there is enough white space on the page.

Highlight your skills and accomplishments: Highlight your skills and accomplishments in your resume and cover letter. Use bullet points to make your resume easy to read and emphasize your most important achievements.

Keep it concise: Keep your resume and cover letter concise. Stick to one or two pages for your resume, and make sure your cover letter is no more than one page.

Use keywords: Use keywords from the job description in your resume and cover letter. This will help your application get past any automated filters and show that you are a good fit for the position.

Show, don't tell: Instead of simply listing your skills and experience, show how you have applied them in your past experiences. Use specific examples to demonstrate your abilities.

Proofread: Proofread your resume and cover letter carefully for spelling and grammar errors. Have someone else read them over as well to catch any mistakes you may have missed.

Follow up: After submitting your resume and cover letter, follow up with the employer to show your continued interest in the position.

The session was interactive with student participation.
