Workshop on 'How to prepare an E poster with Flyer Maker and CANVA for SYBA students

The Department of Political Science organised a workshop on preparing E-posters using the Flyer maker app on **25th September, 2020**. Acquiring knowledge of digital tools and technology is essential in today's day and age wherein the ICT has become a major component of knowledge acquisition and dissemination. Digital technology is a powerful medium to express abstract ideas of political theory, political philosophy and public administration. Acquisition of the digital toolkit and its use is an essential component of graduate attributes. It was based on a peer to peer learning process wherein the students who were well versed with the technology trained their classmates. Thirty seven students from the second year Political Science participated in the workshop. The students were also given the opportunity to ask queries.
