NOTICE

Department of Chemistry,

Lecture on Green Chemistry

Dear Students, As a mark of celebration of the World's Environmental Day, the Chemistry department is organising a lecture on Green Chemistry. The speaker is Dr. Asawari Mokal. This event will be conducted through Zoom on 5th of June 2020 at 11.00 am. Link for the event will be soon shared. This is to create awareness about the recent trends to reduce the use of hazardous chemicals

Department of Chemistry,

Lecture on Green Chemistry

REPORT

The Department of Chemistry, Ramniranjan Jhunjhunwala College, organised a lecture on Green Chemistry, on 5th June 2020. The talk was delivered by our Chemistry staff, Dr. Asawari Mokul. The main highlights of the talk was,

- Initiation of Green Chemistry Movement In US by Rachel Carsonan environmentalist in 1962
- Leading further to 1970 - establishment of U.S. Environmental Protection Agency(EPA)&1990 - Pollution Prevention Act .
- 1998- "Twelve Principles of Green Chemistry" by Paul Anastas John Warner.
- Principles of Green Chemistry is about reducing waste, hazards, risk, energy, cost and improving renewability, reusability, atom economy, energy efficiency during designing, synthesis and manufacture of chemicals, products. All the twelve principles of Green Chemistry were explained with examples of relevant reactions in lab and industrial scale. 130 students from different classes were the beneficiaries and they in future would contribute to replacing hazardous chemicals and also try minimize the amount of reagent used in regular laboratory practices. This create an awareness on emerging trends in technology to contribute to environmental protection.
