REPORT

The Department of Biotechnology organized an online lecture on 'Cyanobacteria: ecology, taxonomy and phylogeny' as part of DBT star college Activity 'Gyan Vigyan', an online popular lecture series on October 23, 2021. The speaker was Dr. Prashant Singh, Assistant Professor, Banaras Hindu University.

He discussed the importance of Cyanobacterial blooms and its effect on the Flora & Fauna of the ecosystem, presence of Cyanobacterial biofilms on monuments & caves that destroys the ecosystem and on the other hand reclamation of desert by using cyanobacterial water suspensions in arid regions was explained using various charts & pictures. In an attempt to understand Cyanobacteria better, the taxonomy & phylogeny was also introduced to the students.

These topics created inquisitiveness among the young minds and their queries were resolved in an interactive question & answer session followed by the lecture.
