COMPETITION ORGANISED BY THE INSTITUTION

Power Point Presentation Competition

The Department of Political Science conducted a Power Point Presentation Competition for SYBA students from October 9 to 27, 2020. In all 20 students participated in the competition bringing forth their creativity and skills in PPT making.

The competition helped students focus on the topics which were taught in class. The students were also asked to make presentations on topics related to the syllabus. Enthusiastic students took up topics that were very interesting and it helped others gain knowledge through their research. Students referenced materials which were forwarded to them as well as make online research for their presentations. Students made excellent presentations along with the PPTs that they had prepared.

It was an opportunity for students to hone their skills in making PPTs as well as making presentations. Some students made presentations for the first time and it helped them gain confidence in making a public appearance in front of their peers.

HAWTHORNE STUDIES: THE MOST FAMOUS STUDY

- There was a strong feeling that there exists a clear-cut cause and effect relationship between the physical work environment the well being and productivity of the workers.
- Taking this clue into consideration the national research council of the national academy of sciences under the leadership of george pennock decided to examine the relationship between illumination and the efficiency of the workers with a research programme at the Hawthorne plant of western edelco company
