REPORT

To celebrate World Philosophy Day 2022, UNESCO and Le Fresnoy - National Studio of Contemporary Arts organized a symposium and exhibition on the theme "The Human of the Future" at UNESCO Headquarters in Paris. The Dept. of Philosophy took the same theme and organized an Essay Writing Competition in the month of November 2022 on the same theme: "The Human of the Future". Philosophy is an inspiring discipline as well as an everyday practice that can transform societies. By enabling us to discover the diversity of the intellectual currents in the world, philosophy stimulates intercultural dialogue. By awakening minds to the exercise of thinking and the reasoned confrontation of opinions, philosophy helps to build a more tolerant, more respectful society. It thus helps to understand and respond to major contemporary challenges by creating the intellectual conditions for change. To spread love for Philosophy the Dept. Organized this competition.
