Report

PhysiTech, the annual festival of the department was organized on 4th and 5th January 2019. On 4th of January, a seminar competition *How Things Work?* was arranged in which the students were asked to explain the principle of working involved in a device of their choice used in practical applications. There were some interesting presentations on things like MRI, submarines, locomotives etc. On the 5th of January 2019, there was a poster competition. In order to commemorate the birth centenary of Dr. Vikram Sarabhai the theme of *Space Physics* was chosen. Students presented several interesting posters. A project competition was also organized in which students carried out several mini projects which were exhibited on 5th January 2019. To add to the fun, there were gaming stalls which had games based on the Physics principles involved in them. The delicious food stalls managed by the students added to the flavor.
