As a part of the community outreach initiative, a talk was conducted for the students of BMM Department, to spread awareness about the importance of cleanliness in our city and how we can help in making a difference. This talk was conducted by Jay Foundation. They spoke about the cleanliness drive of Dadar Beach and how they have been cleaning the beach for the past two years. Mr Jay Shringarpure was the torch bearer for this drive.

Students from FYBMM, SYBMM and TYBMM Advertising and TYBMM Journalism assembled at Dadar beach on an early Sunday morning at 7AM. Mr Jay Shringarpure guided the students as to the procedure to be followed and things to be careful about. According to a student, they were very sleepy and in no mood to start the mundane work. But they encouraged each other and began the task ahead. The grueling two hours did not clean even 20% of the entire beach which developed a newfound respect for the garbage pickers of our city. In the end, high tide forced the students to stop their work, but they took home valuable lessons. The students gave a positive feedback saying that it was a fulfilling experience for them

Total Student Beneficiaries: 50

## Climate Ambassador Program Report (2018-2019 and 2019-2020)

### Introduction

During the years 2018 to 2019 and 2019-2020, the NGO "Shrushtidyan" collaborated with the "Pavo Nature Club" of Ramniranjan Jhunjhunwala College to execute the "Climate Ambassador Program." This initiative aimed to engage environmentally enthusiastic students in various activities related to environmental conservation and awareness.

### Program Overview

The "Climate Ambassador Program" was designed to empower students as ambassadors for climate change awareness and action. It encompassed a range of activities, including educational sessions, outreach programs, and practical initiatives focused on environmental sustainability.

### Educational Sessions:

Under the program, student ambassadors conducted climate change-related sessions in several schools, including Vanita Vikas Vidyalaya and SIES School in Ghatkopar. These sessions aimed to educate students about various climate mapping techniques, fostering a deeper understanding of the impact of climate change on our planet.

### Environmental Initiatives

The student ambassadors organized and participated in a variety of activities that contributed to environmental conservation and awareness:

1. **Millet Festival:** The program featured the Millet Festival, which celebrated eco-friendly practices and sustainable living. It served as a platform to showcase innovative solutions for addressing environmental challenges.
2. **E-Waste Collection and Awareness:** Student ambassadors organized E-waste collection drives to responsibly dispose of electronic waste and raise awareness about the harmful effects of improper disposal.
3. **Eco-friendly Holi:** To promote eco-conscious celebrations, students organized an eco-friendly Holi festival, using natural colors and emphasizing the importance of minimizing environmental harm during festivities.
4. **Nature Trails:** Participants enjoyed various nature trails that fostered a deeper connection with the environment, providing firsthand experiences of the beauty and importance of nature.
